

Ride the Wave...

And make Sunset Hills Elementary 2009-2010 school year the best ever!

Dear Sunset Hills Families,

This year we are once again launching our Hassle Free fundraising campaign, and inviting ALL our SHES families to Ride the Wave and make this our best school year ever. Money raised by the PTA funds programs that our school community has come to love, such as:

Olympic Field Day
Talent Show
Halloween Carnival
Running Club

Art Odyssey
ShoeBox Science
School-wide assemblies
Class field trips

Plus this year you can look forward to new arts programming, a science fair, and old favorites returning with a new spin. It promises to be an exciting year at Sunset Hills!

Instead of asking students to spend time and energy selling items door to door to raise money for PTA programs, we ask that each family give a one time donation.

If each family gave \$50 we could easily reach our goal of \$10,000!

Any donations are appreciated, and we want you to give only what you can afford to give. We are excited this year to include an incentive program that rewards ALL donations, with different levels of participation. Check out the back of this flyer and find a donation level that is best for your family. We are looking for 100% participation! By Riding the Wave together, we can provide our Sunset Hills students with a school year that will enhance their education and make lasting memories.

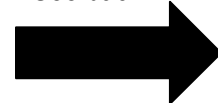

Remember:

- You only need to turn in ONE envelope for the whole family. Just indicate all teachers' names in the provided spaces, we'll take care of making sure all students in your family get credit.
- Turn in your envelope even if you are not making a donation- the class with the highest percentage of returned envelopes gets a \$50.00 gift card to use on classroom supplies.
- Check with your employer to see if they offer a matching funds program. Last year we received \$300 in employer matching donations!
- Pass out envelopes to other members of your family who might want to support their loved one's education. Check in the office for additional envelopes.

Please feel free to contact me with any questions, concerns or suggestions!
