SECTION 2.4 DISTRICT MEETINGS

The Poway Unified School District supports the principle of staff involvement in decision-making. More specifically, both the Board of Education and the staff recognize that there are and will continue to be District problems that can best be solved with the help of those most directly involved in the situation.

The Superintendent is authorized to call and convene any council or committee needed to aid in gathering data or proposing solutions, and to develop procedures for the efficient functioning of these committees.
