Graph paper notebooks

Geometry

Protractor

Small ruler with cm and inches

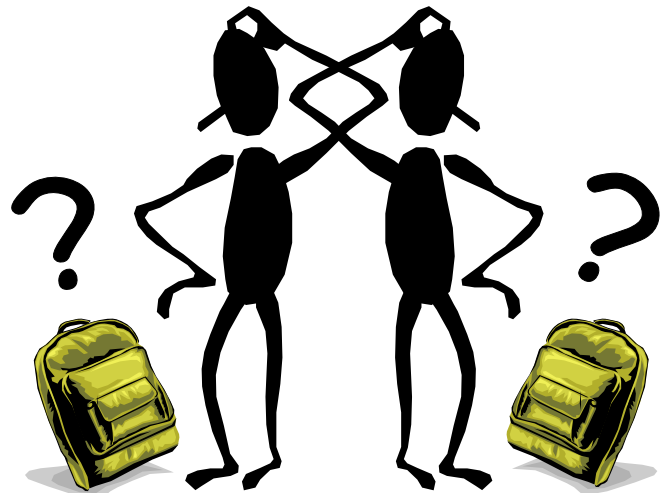

Compass

7th & 8th Grade Humanities

3" x 5" index cards

5" x 7" index cards

Teachers may also have a list of suggested supplies for their class.

There are many types of backpacks out there, and many students have backpacks that look the same. We often have students who grab the wrong backpack as they hurry from lunch to their next class. In order to help us identify any "left over" backpacks, please have your student's name plainly visible inside the backpack.
