## Summer Enrollment Packets Available May 4

Summer session ESS begins June 15. Enrollment will begin May 4. Those who paid the \$50. enrollment fee at the beginning of the school year are not required to pay the annual fee again until the start of the new school year.

At Creekside ESS, we will be offering our **Mentor Program** for students who are exiting 6<sup>th</sup>, 7<sup>th</sup> and 8<sup>th</sup> grade. Following the Tiger Woods Foundation's model, Mentors will not only aid with activities for the younger children, but will also participate in their own groups on site and on field trip activities.

All ESS programs will follow a district-wide ENRICH program on the days they are on site. This year's theme is "Healthy Mind, Healthy Body." Our activities will focus on activities for the body, mind, heart and soul – opening up limitless possibilities for the times designated for Enrich.

We will have a summer session enrollment table set up on May 13, from 2:00 – 4:00 (during Kindergarten enrollment) in the MP room. Feel free to stop by at that time, or at the ESS room any time between May 4 and the end of the school year to enroll.

We are finding email is a great form of communication between parents and us. Feel free to email us at any time with your child's attendance info, your questions, comments or whatever.

Employee Profile - Kathleen Seitz. Miss Kathleen, who works with 1<sup>st</sup> and 2<sup>nd</sup> grade students (along with Miss Alyson) joined us in November, 2008. Miss Kathleen began her ESS career at Rolling Hills as a High School Aide. She is a graduate of RB High. In her free time, Miss Kathleen enjoys playing softball. She also likes to go to the beach and to go shopping. Presently enrolled at Palomar College, she is pursuing a career in teaching. We are happy to have Kathleen's dedication as part of our team.

The Creekside ESS and Custodial Staffs truly appreciate your diligence in arriving to pick up your children by 6:00. Not only has it saved you late fees, but it has assisted our operation in far-reaching ways.
