Mission Statement

ESS is a bridge between school and home where children are encouraged to learn, create, and explore within their school, community and world.

Things to Remember:

As we leave 2007 behind and look forward to the new year, we wanted to take a moment to reflect over the past year. It was a year filled with lots of giggles, smiles, tears and laughter. We have enjoyed old friends, said good-bye to some dear friends and welcomed new friends. We have seen the children tackle new projects with a wide range of emotions: from apprehension to enthusiasm, to triumph! It has been our privilege to help your children grow and learn and become their own independent individuals.

The new year is a new canvas on which you and your children can paint a picture for their life.

We will be happy to encourage them in all that they attempt and cheer loudly for all that they accomplish. Who knows, perhaps we have a future President of the United States, or a company CEO or a Grammy winning singer among our children in ESS. Wherever their life leads, we are pleased that Deer Canyon ESS was here for them in the beginning!

We would like to take this opportunity to say "Thank You" for the wonderful gifts and goodies we received last month. They were truly appreciated!
