

Summer Programs

*These are Summer programs that we have been informed about via mail sent to the Titan Center at Poway High School. These are enrichment programs that should be individually researched. Poway High School does not recommend one program over another; we want you to choose the program that is right for you. If you are trying to obtain high school academic credit, you would need to get approval from Poway High School's registrar, Linda Warren, prior to taking the class/seminar/program.
