SIXTH GRADE PROGRAM

REQUIRED COURSE OF STUDY

Students will be enrolled in teaching teams that include language arts, social studies, mathematics, and science. These multi-subject teaching teams are usually structured so teaching teams have the same preparation period and students. Therefore, lessons may be developed across the curriculum and teachers can consult with each other regarding needs of individual students. Students will also be enrolled into physical education, RAM class and either music or exploratory.

RAM – designated period of time opposite of lunch for sustained silent reading and academic support.

Exploratory – A 6th grade elective that enhances the academic courses through a variety of activities.

ELECTIVE COURSE OF STUDY

Sixth grade students may request orchestra or band, but music is not required. **These courses require a year long commitment!** Regular practice at home is essential and a letter grade will be given in these two courses:

Orchestra – This course provides students an opportunity to play a stringed instrument and perform as a group. No experience is necessary. **Evening performances are required. This course requires a year long commitment.** For more detailed information, please visit the Twin Peaks Middle School website at www.powayusd.com and select Twin Peaks. From the TPMS home page: click on Departments – click Orchestra.

Band – This course provides students an opportunity to play a musical instrument and perform as a group in one of the school bands. No experience is necessary. **Evening performances are required. This course requires a year long commitment.**
