

WESTVIEW WOLVERINES

POWAY UNIFIED SCHOOL DISTRICT

ATHLETIC TRANSPORTATION FEE

As a result of recent budget reductions at both the state and local levels, District funding for athletic transportation has been eliminated. We believe strongly that the safe transport of our student-athletes to their contests is our #1 priority. Although the District has the available school bus fleet resources, the cost for these services falls upon our athletic department.

In order to continue to maintain transportation for athletic trips, we are imposing a fee of **\$90.00 per athlete** per school year, regardless of the number of sports seasons your student plays. For those families with multiple athletes, there is a cap of \$180.00.

Revenue collected will be used specifically to support athletic transportation services at Westview.
