

School Accountability Report Card Reported for School Year 2007-08 Published During 2008-09

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2007-08)

This section provides information about the school, its programs and its goals.

Garden Road School is tucked away amid rock-strewn foothills in the southeast corner of the suburban community of Poway, California. Constructed in 1961 of a warm red brick. Garden Road serves 515 students from preschool through fifth grade and includes 55 special education students from six special day classes. Over the past years, Garden Road has benefited from district improvement projects: renovation of classrooms and the MPR in 1996/1997 and extensive modernization in 2006/2007. Enrollment has remained stable for the past few years. Our school also provides a preschool experience for approximately 55 three and four year olds in both a traditional fee-based preschool and a free state-funded program for low-income families. Our Extended Student Services program provides before and after school care, academic assistance and enrichment for approximately 125 students.

Garden Road serves as home to 55 Special Day Class students in six classes. Our Special Day Class structure parallels the regular education strand of service from preschool through fifth grade in the Autism Spectrum Disorder classes and grades K-5 in the Non-Severely Handicapped classes. Many of the Special Education students are mainstreamed into the regular education classes and programs. This provides a valuable learning experience for all students.

Our school is located in a middle class community and benefits from strong parent and community support. In 2001, our active PTA was recognized at the state level for Outstanding Parent Involvement. Parents volunteer daily in the classroom and other areas of the school to support our staff and students. Art instruction, field trips, assemblies, extra instructional materials, and the SPARK PE programs have been made possible through PTA funding support. The PTA and school work closely together to achieve common goals. Corporate sponsorship by Sony Corporation has provided donations and man power for special events.

Garden Road's staff work collaboratively to establish a Professional Learning Community. Over 80 staff members provide ideas and bring individual strengths to our school as we continue to support our philosophy of working as a TEAM (Together Each Achieves More). Garden Road's most recent modernization was completed in the fall of 2007. This resulted in a new Multipurpose building that includes a new lunch area and cafeteria. Additionally, there is a Media Center which functions as both a computer lab and library. Modernization has resulted in a new, Peaceful Playground and ten new modular buildings. Technology was upgraded at this time. Now, all classrooms and teaching rooms have new LCDs, computers and enhanced audio systems.

Garden Road's focus on literacy has resulted in a comprehensive intervention system in grades K-5. We offer a two year developmental Kindergarten program which meets the needs of some of our youngest students. Our Kindergarten students attend a full school day, allowing for additional academic instructional time. Senior citizens volunteer through the Oasis Program, providing individualized reading support for students in the primary grades.

The strength of Garden Road School is in its caring community: the immediate community of staff and students, the larger community of parents and the greater community of neighbors, businesses and caring adults cooperating in pursuit of the common goal of "All Students Learning, Whatever it Takes".

MISSION STATEMENT

Our mission is to ensure that each student at Garden Road will develop the necessary knowledge, skills, and attitudes essential for post secondary success and will thrive in a diverse society. Parents and community are vital to the success of this mission.

To fulfill our mission:

- Students will be encouraged to develop independence, responsibility, and respect for all people
- Teachers will provide differentiated, standards-based instruction that engages students in their learning
- Instructional decisions will be based upon data and attention to students' unique learning styles
- Students and staff will use technology as a tool for accessing and presenting information
- By focusing on building supportive relationships, the staff, parents and community will provide a positive, safe learning environment for all students
- Students will develop positive character by learning and using the Pillars of Character

[Opportunities for Parental Involvement \(School Year 2007-08\)](#)

This section provides information about opportunities for parents to become involved with school activities.

Garden Road recognizes the importance of the partnership between home and school and remains committed to supporting the Parents As Partners Core Value. Parents have been included in the improvement process and serve in an advisory capacity on committees. Parent volunteers work in a variety of capacities such as: Volunteer Workroom, Beautification Committee, Art History, Music Appreciation, Book Fairs, Classroom Support and other PTA and Dad's Club activities. Parents receive on-going communication through a current school website, weekly Gardener newsletter, parent education opportunities and ConnectEd.

III. School Climate

[School Safety Plan \(School Year 2007-08\)](#)

This section provides information about the school's comprehensive safety plan.

Garden Road places strong emphasis on safety for students and staff. Emergency plans are reviewed frequently. Annual training procedures and drills for earthquakes, fire and bus evacuation are held. Maintenance staff work with a scheduled preventive program to offset costly repairs. The school has an up to date Asbestos Plan. Extended Student Services is available to students for before and after school childcare.

[Suspensions and Expulsions](#)

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

IV. School Facilities

[School Facility Conditions and Planned Improvement \(School Year 2008-09\)](#)

This section provides information about the condition of the school's grounds, buildings, and restrooms based on the most recent data available, and a description of any planned or recently completed facility improvements.

The school district ensures that students attend clean and safe facilities. The district's maintenance staff follows a comprehensive scheduled preventive and deferred maintenance program to offset costly repairs and minimize disruptions to the instructional program. A \$198 million school bond was passed by the community in 2002, which is funding the renovation of 23 older schools and replacing the oldest school in the district. Planned renovations at each school will address inequity of learning facilities, expand core facilities, add classrooms and improve access to technology.

In accordance with Education Code Section 17070.75(e), the District uses a School Facilities Inspection System developed by the State of California to ensure that each of its schools is maintained in good repair. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Daily cleaning schedules ensure that classrooms, offices and bathrooms are clean and well maintained. Playgrounds and fields are ample and well maintained. A full time custodian is on every campus throughout every school day. A night custodial crew cleans classrooms, restrooms and offices daily. The district has adopted cleaning standards for all schools. A summary of these standards is available at the district offices.

V. Teachers

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Research supports the positive effects staff development has on increasing student learning. A wide variety of professional development opportunities are available to teachers and staff including utilization of effective instructional strategies, computer technology, mathematics and writing seminars, positive discipline in-services, and multicultural training. Teachers and administrators are actively involved in professional growth activities at the school, district, state, and national level. Garden Road utilizes a minimum day one day a week created by "Time Banking" to provide weekly periods for staff collaboration, professional growth, and teacher planning. Three district wide professional growth days are provided which creates time for district wide and site selected activities for professional growth. Poway Professional Assistance Program provides support for new teachers. Teachers are supported with stipends to participate in the National Board Certification process.

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found on the *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/>.

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2006-07)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found at the Current Expense of Education Web page at <http://www.cde.ca.gov/ds/fd/ec/> and teacher salaries can be found on the Certificated Salaries and Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental)	Expenditures Per Pupil (Basic)	Average Teacher Salary
School Site	---	---	---	\$63,775

Types of Services Funded (Fiscal Year 2007-08)

This section provides information about the programs and supplemental services that are provided at the school through either categorical funds or other sources.

The district's general fund includes monies for:

1. General operations—services, materials, and support to the general education
2. Special education—programs offering appropriate, individualized education to students with special needs
3. Gifted and Talented Education—specialized learning assistance for students with high ability, achievement, or potential
4. Special projects—monies from agencies (e.g., federal, state) earmarked for specific services
5. Transportation
6. Maintenance and operations
7. District administration

Each school in the district receives an instructional budget based on enrollment, programs, and on formulas set by the Board of Education policy, state law, agreements with employee bargaining units, and guidelines of outside funding agencies.

[Teacher and Administrative Salaries \(Fiscal Year 2006-07\)](#)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found on the Certificated Salaries and Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	\$37,877	\$40,721
Mid-Range Teacher Salary	\$73,410	\$65,190
Highest Teacher Salary	\$84,775	\$84,151
Average Principal Salary (Elementary)	\$114,386	\$104,476
Average Principal Salary (Middle)	\$121,279	\$108,527
Average Principal Salary (High)	\$127,119	\$119,210

Percent of Budget for Teacher Salaries	43.2%	39.9%
Percent of Budget for Administrative Salaries	5.1%	5.5%

IX. Student Performance

California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the Standardized Testing and Reporting (STAR) Results Web page at <http://star.cde.ca.gov>. *Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

[CST Results for All Students – Three-Year Comparison](#)

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

California Physical Fitness Test Results (School Year 2007-08)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting the healthy fitness zone on all six fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found at the Physical Fitness Testing Web page at <http://www.cde.ca.gov/ta/tg/pf/>. *Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

Grade Level	Percent of Students Meeting Fitness Standards

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2005-06	2006-07	2007-08
Statewide	9	9	9
Similar Schools	5	8	8

API Changes by Student Group – Three-Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. *Note: "N/A" means that the student group is not numerically significant.*

Group	Actual API Change			Growth API Score
	2005-06	2006-07	2007-08	2008

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall and by Criteria (School Year 2007-08)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	Yes	Yes
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	Yes
Percent Proficient - Mathematics	Yes	Yes
API	Yes	Yes
Graduation Rate	N/A	Yes

Federal Intervention Program (School Year 2008-09)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.
