About our School...

Chaparral Elementary School is nationally recognized as a school with a clear mission and vision focused on student achievement and character development. Through excellent teaching, community involvement, and shared leadership, a heartfelt commitment to student learning is visible across our campus and in our classrooms.

To quote the U.S. Department of Education, "This is a unique, rare, school." We are deeply committed to a strategic planning process that supports continuous school improvements. Open discussions with community members and staff reveal that many believe that it is the strong collaboration between school and community that makes Chaparral so "unique" and "rare." We are all fortunate indeed to be a part of a learning community that clearly recognizes the value of students, parents and staff working together to create a positive and productive environment that instills in each child, strength of character, a sense of community and a love of learning.

Chaparral Elementary School is proud of its tradition of excellence. Parents, staff, community, and children have worked together to earn the California Distinguished School Award and the National Blue Ribbon Award. Teachers provide an optimal learning environment, while volunteers actively assist the staff in the classrooms and throughout the school. The PTA plays an active role in providing this support and offers an array of opportunities for parents to be involved in their child's education. The Chaparral Education Foundation provides funding and support in the area of technology, which prepares our children for the 21st century. On any given day, one will see parents, teachers, and students implementing the common vision of "All Students Learning – Whatever It Takes."

Full SARCs are available on the website at www.powayusd.com/about/accountability.html

Three-Year Disciplinary Record			
	05-06	06-07	07-08
Attendance Rate	96.2%	96.13%	95.78%

POWAY UNIFIED SCHOOL DISTRICT

Quality of Instruction and Leadership

“College Readiness for All – Gateway to Our Student’s Future,” drives our District philosophy to provide the finest learning opportunities for all students. Teachers, site administrators, support staff and parents participate in goal setting and decision making through active School Site Councils. Teachers and administrators hold valid state credentials, with fewer than 1% provisional certificates. The highly regarded Poway Professional Assistance Program provides support for new teachers. Teachers are formally evaluated every two years if they hold a permanent status, and annually if they have provisional or temporary status. Teachers are supported with stipends to participate in the National Board Certification process. Fully credentialed substitute teachers are provided by Personnel Support Services when teachers are absent.

Discipline and Climate for Learning

Respect, safety and responsibility are keys to providing a supportive and positive learning environment. All schools have their own discipline guidelines and encourage positive student behaviors. Rewards and consequences are communicated to students and made available to parents. A strong network of support services is provided to meet the needs of children. The District has an anti-discrimination policy that prohibits harassment of students or staff based on race, gender, disability, religion, or sexual orientation which is strictly enforced. The District is committed to the prevention of harmful behaviors, and maintains a discipline policy to address violations of the Education Code.

Safety, Cleanliness of School Facilities

Schools place strong emphasis on safety for students and staff. School Safety Plans are renewed annually and reviewed throughout the year. Annual training procedures and drills for earthquakes, fire and bus evacuation are held. The school district’s prudent use of resources ensures that students have access to clean and safe facilities. Maintenance staffs work with a scheduled preventive program to offset costly repairs at our older sites, whenever possible. A \$198 million school bond was passed in November 2002, to renovate 24 older schools. During 2006 Midland Elementary, the oldest school in the District, was replaced, Westwood Elementary, Twin Peaks, Tierra Bonita and the Rancho Bernardo High School Music Building were completed and 14 schools are currently being remodeled. Renovations address inequity of learning facilities, including expanding core facilities, adding classrooms and access to technology.

Staff and Curriculum Development

Research supports the positive effects staff development has on increasing student learning. A wide variety of professional development opportunities are available to teachers and staff including utilization of effective instructional strategies, technology, academic content areas, standards and assessment, positive school climate, and cultural competence training. Teachers and administrators are actively involved in professional growth activities at school, district, state, and national levels.

Counseling and Student Support Services

Students have access to speech and language services, special education, resource specialists, school psychologists, counselors, and other specialists to provide for their learning needs. Additionally, students work with support staff to assist in English language development, computer and library services and other specialized areas of need. The District Wellness Department provides a wide range of services to support student and family needs. In addition, health services are provided by specialized health assistants, health technicians, and nurses.

Textbooks/Instructional Materials & Technology

The District reviews all curriculum on a regular basis to ensure that students are presented with current and appropriate learning opportunities and materials. Students are provided with high quality textbooks, computers and other instructional and technological material to support the learning process. State approved textbooks are kept current and provided free of charge to every student.

Mission Statement

To ensure that each student will master the knowledge and develop the skills and attitudes essential for success in school and in a diverse society.

Core Values

All students learning, a competent and caring staff, parents as partners, staff participation in decision making, effective management of resources, a safe, orderly, and attractive environment, and excellence in all we do.

Attitudes Expected For All Students

Honesty, integrity, responsibility, loyalty, keeping promises, pursuing excellence, being kind and caring and being a good citizen.
