

PROMOTION/ACCELERATION/RETENTION

The Governing Board expects students to progress through each grade level within one school year. Toward this end, instruction shall be designed to accommodate the variety of ways that students learn and provide strategies for addressing academic deficiencies as needed.

Students shall progress through the grade levels by demonstrating growth in learning and meeting grade-level standards of expected student achievement.

(cf. 6011 - Academic Standards)

(cf. 6146.1 - High School Graduation Requirements)

(cf. 6146.5 - Elementary/Middle School Graduation Requirements)

(cf. 6162.52 - High School Exit Examination)

(cf. 6170.1 - Transitional Kindergarten)

When high academic achievement is evident, the teacher may recommend a student for acceleration to a higher grade level. The student's maturity level shall be taken into consideration in making a determination to accelerate a student.

Teachers shall identify students who should be retained or who are at risk of being retained at their current grade level as early as possible in the school year and as early in their school careers as practicable.

Students may be recommended for retention on the basis of not meeting minimum levels of proficiency as indicated by multiple measures of grade level standards. Students not meeting proficiency may be referred to the site's process to support students' progress in meeting standards.

If a student does not have a single regular classroom teacher, the Superintendent or designee shall specify the teacher(s) responsible for the decision to promote or retain the student. (Education Code 48070.5) The decision to promote or retain a student is the decision of the site principal based on recommendations from the designated site team.

The decision to promote or retain a student may be appealed in accordance with AR 5123 - Promotion/Acceleration/Retention.

When any student in grades 2-9 is retained or recommended for retention, the Superintendent or designee shall offer appropriate intervention instruction to assist the student in meeting grade-level expectations. The Superintendent or designee also may offer supplemental instruction to a student in grades 2-6 who is identified as being at risk for retention. (Education Code 37252.2, 37252.8, 48070.5)

(cf. 6176 - Weekend/Saturday Classes)
