

INDEPENDENT STUDY

When requested by a parent/guardian due to an emergency, vacation, or illness, independent study may be used on a short-term basis to ensure that the student is able to maintain academic progress in his/her regular classes.

(cf. 5113 - Absences and Excuses)

No course required for high school graduation shall be offered exclusively through independent study. (Education Code 51745)

(cf. 6146.1 - High School Graduation Requirements)

Equivalency

The district's independent study option shall be substantially equivalent in quality and quantity to classroom instruction to enable participating students to complete the district's adopted course of study within the customary timeframe. Students in independent study shall have access to the same services and resources that are available to other students in the school and shall have equal rights and privileges. (5 CCR 11700, 11701.5)

(cf. 0410 - Nondiscrimination in District Programs and Activities)

High school students will be enrolled in a minimum of six classes but will work on one class at a time unless the counselor deems that circumstances and the student's ability make it feasible for the student to work on two or more classes at one time. The exception is the student who needs six classes or less to graduate from high school. The duration within which a five-credit semester course must be completed is between four and seven weeks unless extenuating circumstances qualify the student for an extension of time.

Students enrolled in independent study will have access to existing services and resources in the school in which the student is enrolled as is available to all other students in the school. The services and resources may include, but need not be limited to, any of the following:

1. School library resources and services.
2. Participation in promotion and graduation exercises.
3. Attendance at school functions such as dances, athletic events, and plays.

The eligibility for existing services and activities shall be subject to individual school site rules and regulations regarding student discipline.

The New Directions program provides the independent study mode of delivery for all schools in the district with the exception of Abraxas Continuation High School and the Adult School, which provide their own independent study programs. Students must be referred to New Directions by the school of

INDEPENDENT STUDY (continued)

attendance unless the student is enrolled but no longer attending the school of attendance or the student has recently moved to the district and has not enrolled in the school of residence.

Off Campus Independent Study

Each school site in a K-12 and adult school district will have the right to enroll students in independent study for a limited period of time if the students must be absent from school under conditions which do not meet the state requirements for excused absences. Off Campus Independent Study (OCIS) is appropriate when a student is absent from school for five (5) or more consecutive school days. The reason for such absence is usually family vacations, funerals, religious reasons, family emergencies, and jury duty.

The Governing Board understands that all Independent Study rules and regulations apply to short-term OCIS. Because it takes lead time by the office to complete the independent documents and for the teacher(s) to provide curriculum and materials, students requesting independent study for five or more consecutive days should notify school attendance departments five days prior to departure. For extended absences, school attendance departments should be notified seven to ten days prior to departure. Homework should be provided for anything less than five days. The student's teacher will prepare an independent study contract and provide materials and assignments for the student to complete while absent. The Off Campus Independent Study (OCIS) master agreement must be signed and dated by all parties prior to the absence. When the student gives the teacher the work assigned in the agreement, attendance may be claimed for the student for the days of absence provided that the work is completed by the date specified in the agreement and the work is equivalent to a full minimum day of attendance claimed. Teachers will give attendance credit based on the quantity of the work completed.

The district shall not provide independent study students and their parents/guardians with funds or items of value that are not provided for other students and their parents/guardians. (Education Code 46300.6, 51747.3)

Eligibility for Independent Study

Provided that experienced certificated staff are available to effectively supervise students in independent study, the Superintendent or designee may approve the participation of a student who demonstrates the motivation, commitment, organizational skills, and academic skills necessary to work independently. A student whose academic performance is not at grade level may participate in independent study only if the program is able to provide appropriate support, such as supplemental instruction, tutoring, counseling, ongoing diagnostic assessments, and/or differentiated materials, to enable the student to be successful. For an elementary student, the Superintendent or designee may consider the parent/guardian's level of commitment to assist the student.

INDEPENDENT STUDY (continued)

A student participating in independent study must be a resident of the county or an adjacent county. Full-time independent study shall not be available to students whose district residency status is based on their parent/guardian's employment within district boundaries pursuant to Education Code 48204. (Education Code 46300.2, 51747.3)

(cf. 5111.1 - District Residency)

High school students will be enrolled in a minimum of six classes but will work on one class at a time unless the counselor deems that circumstances and the student's ability make it feasible for the student to work on two or more classes at one time. The exception is the student who needs six classes or less to graduate from high school. The duration within which a five-credit semester course must be completed is between four and seven weeks unless extenuating circumstances qualify the student for an extension of time.

Students enrolled in independent study will have access to existing services and resources in the school in which the student is enrolled as is available to all other students in the school. The services and resources may include, but need not be limited to, any of the following:

1. School library resources and services.
2. Participation in promotion and graduation exercises.
3. Attendance at school functions such as dances, athletic events, and plays.

The eligibility for existing services and activities shall be subject to individual school site rules and regulations regarding student discipline.

The New Directions program provides the independent study mode of delivery for all schools in the district with the exception of Abraxas Continuation High School and the Adult School, which provide their own independent study programs. Students must be referred to New Directions by the school of attendance unless the student is enrolled but no longer attending the school of attendance or the student has recently moved to the district and has not enrolled in the school of residence.

Each school site in a K-12 and adult school district will have the right to enroll students in independent study for a limited period of time if the students must be absent from school under conditions which do not meet the state requirements for excused absences. Off Campus Independent Study (OCIS) is appropriate when a student is absent from school for five or more consecutive school days. The reason for such absence is usually family vacations, funerals, religious reasons, family emergencies, and jury duty.

The Board understands that all Independent Study rules and regulations apply to short-term OCIS. Because it takes lead time by the office to complete the independent documents and for the teacher(s)

INDEPENDENT STUDY (continued)

to provide curriculum and materials, students requesting independent study for five or more consecutive days should notify school attendance departments five days prior to departure. For extended absences, school attendance departments should be notified seven to ten days prior to departure. Homework should be provided for anything less than five days. The student's teacher will prepare an independent study contract and provide materials and assignments for the student to complete while absent. The Off Campus Independent Study (OCIS) master agreement must be signed and dated by all parties prior to the absence. When the student gives the teacher the work assigned in the agreement, attendance may be claimed for the student for the days of absence provided that the work is completed by the date specified in the agreement and the work is equivalent to a full minimum day of attendance claimed. Teachers will give attendance credit based on the quantity of the work completed.

For a student with disabilities, as defined in Education Code 56026, participation in independent study shall be approved only if his/her individualized education program specifically provides for such participation. (Education Code 51745)

(cf. 6159 - Individualized Education Program)

A temporarily disabled student shall not receive individual instruction pursuant to Education Code 48206.3 by means of independent study. (Education Code 51745)

(cf. 6183 - Home and Hospital Instruction)

Students age 21 or older, and students age 19 or older who have not been continuously enrolled in school since their 18th birthday, may participate in independent study only through the adult education program for the purpose of enrolling in courses required for a high school diploma by Education Code 51225.3 or the Governing Board. (Education Code 46300.1, 46300.4)

(cf. 6200 - Adult Education)

No more than 10 percent of the students enrolled in a continuation high school or opportunity school or program, not including pregnant students and parenting students who are primary caregivers for one or more of their children, shall be enrolled in independent study. (Education Code 51745)

(cf. 5146 - Married/Pregnant/Parenting Students)

(cf. 6184 - Continuation Education)

Master Agreement

A written agreement shall be developed and implemented for each student participating in independent study for five or more consecutive school days. (Education Code 46300, 51747; 5 CCR 11703)

The agreement shall include general student data, including the student's name, address, grade level, birth date, school of enrollment, and program placement.

INDEPENDENT STUDY (continued)

The independent study agreement for each participating student also shall include, but not be limited to, all of the following: (Education Code 51747; 5 CCR 11700, 11702)

1. The manner, time, frequency, and place for submitting the student's assignments and for reporting his/her progress
2. The objectives and methods of study for the student's work and the methods used to evaluate that work
3. The specific resources, including materials and personnel, that will be made available to the student
4. A statement of the Board's policy detailing the maximum length of time allowed between an assignment and its completion and the number of missed assignments, by grade level and type of program, which will trigger an evaluation of whether the student should be allowed to continue in independent study
5. The duration of the independent study agreement, including the beginning and ending dates for the student's participation in independent study under the agreement, with a maximum of one school year
6. A statement of the number of course credits or, for an elementary student, other measures of academic accomplishment appropriate to the agreement, to be earned by the student upon completion
7. A statement that independent study is an optional educational alternative in which no student may be required to participate
8. In the case of a suspended or expelled student who is referred or assigned to any school, class, or program pursuant to Education Code 48915 or 48917, a statement that instruction may be provided through independent study only if the student is offered the alternative of classroom instruction

(cf. 5144.1 - Suspension and Expulsion/Due Process)

9. Signatures of the student, the parent/guardian or caregiver of the student if the student is under age 18 years, the certificated employee responsible for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the student

The parent/guardian's signature on the agreement shall constitute permission for the student to receive instruction through independent study.

INDEPENDENT STUDY (continued)**Attendance**

Attendance procedures for Independent Study must meet the following minimum attendance requirements:

Kindergarten	180 minutes
Grades 1-3	240 minutes
Grades 4-8	240 minutes
Grades 9-12	240 minutes
Continuation/Opportunity	15 hours per week
Adult School	15 hours per week

Attendance credit for adult students is based on an apportionment day equal to three hours, which means that a normal 5-day week consists of a maximum 15 hours of study per student (as for Continuation Education), five (5) days as for K-12 education. The district cannot claim more than 3 hours per apportionment day in adult school. This is a limit on the amount of adult education ADA that may be claimed, not a limit on the amount of student work that may be completed. Students may, if they can, enroll in more adult classes.

The attendance of adult students who are pursuing adult education course work through independent study shall be eligible for apportionment only if the course work meets the requirements for a high school diploma. Non-academic elective and vocational education courses are not eligible pursuant to the limit set by Education Code 46300.4.

Independent study for adult students may earn apportionment only if and when it has been initiated and carried out pursuant to the school district's policies for independent study.

Each school and program shall keep records of independent study adult students as defined above and shall report the average daily attendance of these students to the director of finance, who will make reports to the State Department of Education upon request.

Course-Based Independent Study

The district shall offer a course-based independent study program for students in grades K-12 subject to the following requirements: (Education Code 51749.5)

1. Courses shall be taught under the general supervision of certificated employees who hold the appropriate subject matter credential and are employed by the district or by another district, charter school, or county office of education with which the district has a memorandum of understanding to provide the instruction.

(*cf.* 4112.2 - Certification)

INDEPENDENT STUDY (continued)

2. Courses shall be annually certified by Board resolution to be of the same rigor and educational quality as equivalent classroom-based courses and shall be aligned to all relevant local and state content standards. This certification shall, at a minimum, include the duration, number of equivalent daily instructional minutes for each school day that student is enrolled, number of equivalent total instructional minutes, and number of course credits for each course, consistent with that of equivalent classroom-based courses.
3. Students enrolled in these courses shall meet the applicable age requirements established pursuant to Education Code 46300.1 and 46300.4 and the applicable residency and enrollment requirements established pursuant to Education Code 46300.2, 48204, and 51747.3.
4. Teachers shall communicate with each student in person, by telephone, or by any other live visual or audio connection at least twice per calendar month to assess whether the student is making satisfactory educational progress. For this purpose, satisfactory educational progress includes, but is not limited to, applicable statewide accountability measures and the completion of assignments, examinations, or other indicators that the student is working on assignments, learning required concepts, and progressing toward successful completion of the course, as determined by the teacher providing instruction.

Written or computer-based evidence of satisfactory educational progress shall be retained for each course and student, including, at a minimum, a grade book or summary document that lists all assignments, examinations, and associated grades for each course.

If satisfactory educational progress is not being made, the teacher shall notify the student and, if the student is under age 18 years, his/her parent/guardian. The teacher shall conduct an evaluation to determine whether it is in the student's best interest to remain in the course or whether he/she should be referred to an alternative program, which may include, but is not limited to, a regular school program. A written record of the evaluation findings shall be a mandatory interim student record maintained for three years from the date of the evaluation. If the student transfers to another California public school, the record shall be forwarded to that school.

(cf. 5125 - Student Records)

5. Examinations shall be administered by a proctor.
6. Statewide testing results shall be reported and assigned to the school at which the student is enrolled and shall be included in the aggregate results of the district. Test

INDEPENDENT STUDY (continued)

results also shall be disaggregated for purposes of comparisons with the test results of students enrolled in classroom-based courses.

(cf. 6162.51 - State Academic Achievement Tests)

7. A student shall not be required to enroll in courses included in this program.
8. The student-teacher ratio in the courses in this program shall meet the requirements of Education Code 51745.6.
9. For each student, the combined equivalent daily instructional minutes for courses in this program and all other courses shall meet applicable minimum instructional day requirements, and the student shall be offered the minimum annual total equivalent instructional minutes pursuant to Education Code 46200-46208.

(cf. 6111 - School Calendar)

(cf. 6112 - School Day)

10. Courses required for high school graduation or for admission to the University of California or California State University shall not be offered exclusively through independent study.
11. A student participating in this program shall not be assessed a fee that is prohibited by Education Code 49011.

(cf. 3260 - Fees and Charges)

12. A student shall not be prohibited from participating in independent study solely on the basis that he/she does not have the materials, equipment, or Internet access necessary to participate in the course.

Before enrolling a student in a course within this program, the Superintendent or designee shall provide the student and, if the student is under age 18 years, his/her parent/guardian with a written learning agreement that includes all of the following: (Education Code 51749.6)

1. A summary of the district's policies and procedures related to this program
2. The duration of the enrolled course(s) and the number of course credits for each enrolled course, consistent with the Board certifications made pursuant to item #2 above
3. The duration of the learning agreement, which shall not exceed a school year or span multiple school years

INDEPENDENT STUDY (continued)

4. The learning objectives and expectations for each course, including, but not limited to, a description of how satisfactory educational progress is measured and when a student evaluation is required to determine whether the student should remain in the course or be referred to an alternative program, which may include, but is not limited to, a regular school program
5. The specific resources, including materials and personnel, that will be made available to the student
6. A statement that the student is not required to enroll in courses in this program
7. Signatures of the student, the student's parent/guardian if the student is under age 18 years, and all teachers providing instruction

The student's or parent/guardian's signature shall constitute permission for the student to receive instruction through independent study. (Education Code 51749.6)

The Superintendent or designee shall retain a physical or electronic copy of the signed learning agreement for at least three years and as appropriate for auditing purposes. (Education Code 51749.6)

Monitoring Student Progress

The independent study administrator and/or supervising teacher shall promptly and directly address any failure by the student to meet the terms of his/her written agreement. The following supportive strategies may be used:

1. A letter to the student and/or parent/guardian
2. A meeting between the student and the teacher and/or counselor
3. A meeting between the student and the independent study administrator, including the parent/guardian if appropriate
4. An increase in the amount of time the student works under direct supervision

When the student has missed the number of assignments specified in the written agreement as requiring an evaluation, the Superintendent or designee shall conduct an evaluation to determine whether or not independent study is appropriate for the student. This evaluation may result in termination of the independent study agreement and the student's return to the regular classroom program or other alternative program.

INDEPENDENT STUDY (continued)

A written record of the findings of any such evaluation shall be treated as a mandatory interim student record which shall be maintained for three years from the date of the evaluation. (Education Code 51747)

Independent study students who are late, miss scheduled conferences, or do not submit assigned work on time shall not be reported as tardy or truant.

Responsibilities of Independent Study Administrator

The responsibilities of the independent study administrator include, but are not limited to:

1. Recommending certificated staff to be assigned as independent study teachers and supervising staff assigned to independent study functions who are not regularly supervised by another administrator
2. Approving or denying the participation of students requesting independent study
3. Facilitating the completion of written independent study agreements
4. Ensuring a smooth transition for students into and out of the independent study mode of instruction
5. Approving all credits earned through independent study
6. Completing or coordinating the preparation of all records and reports required by law, Board policy, or administrative regulation

Assignment and Responsibilities of Independent Study Teachers

Each student's independent study shall be coordinated, evaluated, and carried out under the general supervision of a certificated employee who consents to the assignment. (Education Code 44865, 51747.5; 5 CCR 11700)

The ratio of student average daily attendance for independent study students age 18 years or younger to full-time equivalent certificated employees responsible for independent study shall not exceed the equivalent ratio for all other education programs in the district, unless a new higher or lower ratio for all other educational programs offered is negotiated in a collective bargaining agreement or the district enters into a memorandum of understanding that indicates an existing collective bargaining agreement contains an alternative ratio. (Education Code 51745.6)

INDEPENDENT STUDY (continued)

The responsibilities of the supervising teacher shall include, but are not limited to:

1. Completing designated portions of the written independent study agreement
2. Supervising and approving coursework and assignments
3. Maintaining records of student assignments showing the date the assignment is given and the date the assignment is due
4. Maintaining a daily or hourly attendance register in accordance with item #4 in the section on "Records" below
5. Providing direct instruction and counsel as necessary for individual student success
6. Regularly meeting with the student to discuss the student's progress
7. Determining the time value of assigned work or work products completed and submitted by the student
8. Assessing student work and assigning grades or other approved measures of achievement

The Superintendent or designee shall ensure that independent study teachers have access to professional development and support comparable to classroom-based teachers.

(cf. 4131 - Staff Development)

Records

The Superintendent or designee shall ensure that records are maintained for audit purposes. These records shall include, but not be limited to: (Education Code 51748; 5 CCR 11703)

1. A copy of the Board policy, administrative regulation, and other procedures related to independent study
2. A listing of the students, by grade level, program, and school, who have participated in independent study, along with the units of the curriculum attempted and completed by students in grades K-8 and the course credits attempted by and awarded to students in grades 9-12 and adult education
3. A file of all agreements, with representative samples of each student's work products bearing the supervising teacher's notations indicating that he/she has personally evaluated the work or that he/she has personally reviewed the evaluations made by another certificated teacher

INDEPENDENT STUDY (continued)

4. As appropriate to the program in which the students are participating, a daily or hourly attendance register that is separate from classroom attendance records, maintained on a current basis as time values of student work products judged by a certificated teacher, and reviewed by the supervising teacher if they are two different persons

(cf. 3580 - District Records)

The Superintendent or designee also shall maintain a record of grades and other evaluations issued to each student for independent study assignments.

The signed, dated agreement, any supplemental agreement, assignment records, work samples, and attendance records may be maintained on file electronically. (Education Code 51747)
