

# i-Ready on a Personal iPad

1. Check the version of iOS on your iPad.

**For those using an iPad®**, i-Ready is available to students through the i-Ready Connect for Students app. Students must use i-Ready on iPads that are compatible with iOS™ 12 or above. These students will be able to use the i-Ready Connect for Students app and access all assessment and instruction. This app will be continually updated and supported with future releases. The iPad app is free and available for download through the Apple App Store®. Note that iPad minis are not supported and that the i-Ready Connect for Students app is not accessible on other tablets or on the iPhone®.

We fully support all iPad models that meet the following criteria:

- A8X chipset or greater
- Supports iOS 13 or greater
- Screen resolution: 2048 x 1536 at 264 pixels per inch (ppi)
- Screen diagonal of 9.7 inches or greater\*

\*We have not fully certified the 12.9-inch version of the iPad Pro. This iPad runs at a different resolution with different diagonal dimensions.

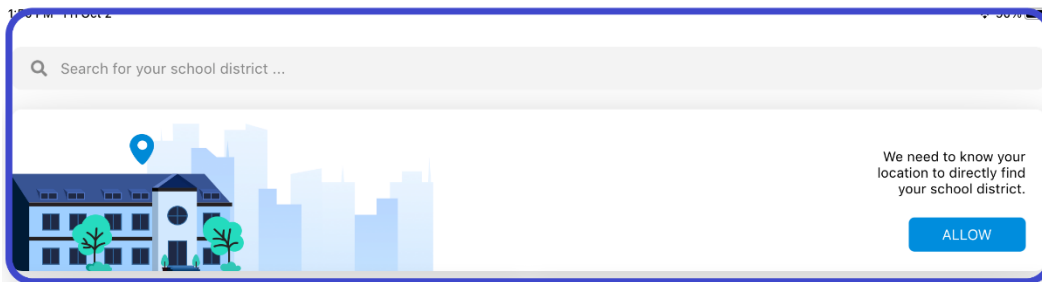

**Note:** iOS 10 and 11 are no longer supported and are blocked.

2. Download “Classlink LaunchPad” **and** “i-Ready Connect for Students” from the App Store.

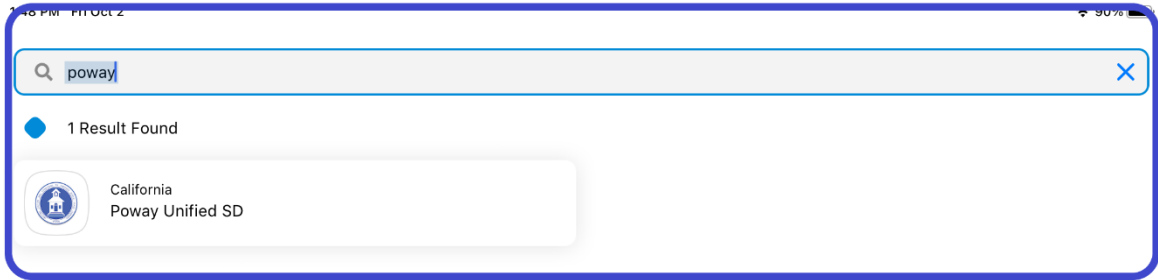

**Note:** Both apps must be downloaded before moving to step 3.

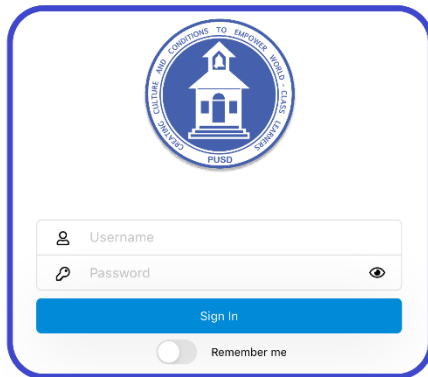

3. Open the Classlink LaunchPad app. You will be presented with a Search box.

4. Type “Poway” in the search box and then choose “Poway Unified SD” from the list.

5. Sign in to the Classlink LaunchPad app with your PUSD STUDENT ID and password.

6. Click on i-Ready in the Classlink LaunchPad app to launch the i-Ready Connect for Students app. This will now automatically sign the student into i-Ready.
