Reopening Plan For Learning, Health, and Safety

Updated October 8, 2020

Introduction

The state of California and the San Diego County Department of Health have allowed schools to reopen. Poway Unified School District (PUSD) continues to monitor local conditions to ensure our instructional practices are in alignment with county, state, and federal guidelines and recommendations. Pursuant to the Order of the Health Officer and Emergency Regulations, schools may hold classes or conduct school business operations on school campuses, provided the school:

- Complies with the measures described in the COVID-19 Industry Guidance: Schools and School-Based Programs issued by the California Department of Public Health (CDPH)
- Incorporates where feasible the guidelines provided in Stronger Together: A Guidebook for the Safe Reopening of California's Public Schools issued by the California Department of Education (CDE)
- Completes and posts a document detailing the actions the school is taking to comply with the CDPH Industry Guidance measures after considering the CDE Guidelines

To meet the reopening conditions, Del Sur Elementary School staff have worked with district leadership to create this reopening plan. There are some unique, new conditions that must be in place to allow students to attend school. One of these conditions is to provide opportunities for physical distancing in all classrooms, when practicable. Our schedule, which is outlined below, enables us to limit the number of students in each classroom. Del Sur Elementary will begin on Monday, October 12, 2020 in a learning model in which students will attend school onsite 5 days per week for 2 hour and 35 minute sessions. We will follow a split class model where half the class will

September 30, 2020

come to school either in the AM or PM session. The split class model will ensure rigorous instruction while reducing the number of students in the classroom at one time as we phase in returning to school full time based on county health data. Split class means, half the kids come early and leave early, the other half comes later and leaves later. Please thoroughly read this document to be sure you understand the expectations for this coming school year:

Reference Documents

- [COVID-19 Industry Guidance: Schools and School-Based Programs](#) (From the California Department of Public Health)
- [Order of the Health Officer and Emergency Regulations](#) (From the County of San Diego Public Health Services- updated, July 7, 2020)

Del Sur Elementary School Learning Plan

Del Sur Elementary will be providing two learning models, one being on-campus learning with health and safety protocols in place based on state and county guidelines, and the other being a virtual learning model.

On Campus Learning (In-Person)

Daily "in-person classroom learning" will take place on campus for students. Daily, rigorous and engaging instruction will be provided by a classroom teacher to meet the academic, social and emotional needs of our world class learners. Del Sur Elementary is maintaining current class size maximum for both the in person learning and virtual learning classroom. Classrooms will utilize space by spreading desks and tables around the room, as well as using vacant classrooms and outdoor space, as available. In person class sizes may be a bit smaller if several students have chosen virtual learning and/or home school.

We will follow CA Department of Public Health guidance and provide "in-person" learning virtually should our school be closed. Students will remain with their teacher and learn virtually following a full day learning schedule. Our school will also have a contingency plan in place should we need to provide learning with smaller groups of students on campus. The plan may include staggered start times and morning and afternoon sessions.

Depending on the number of families selecting the in person on campus option, in order to ensure physical distancing when students come onto campus, school sites may need to implement contingency plans as described below to ensure physical distancing inside classrooms as much as possible.

Contingency Plan:

The In-Person flexible learning plan for the initial on campus learning session at Del Sur Elementary includes two components: a five-day, in-person component and a virtual learning component at home. The in-person component will be a Session A/Session B format. Students will either attend a 2 hour 35 minute learning session on campus in the morning or afternoon. In order to accommodate siblings, we will identify siblings for all teachers and families using childcare/ESS will be taken into consideration when planning. Families will also have the option to choose the Virtual Learning Academy, based on preference or unique family situations.

In-Person

Each student accessing the In-Person Flexible Learning Plan will attend school five days per week and participate daily in Virtual Learning at home for approximately 1 to 2 hours. Curriculum and

instruction will include rigorous, integrated standards-based content and will be assigned letter grades. At home virtual learning assignments will be provided by the classroom teacher. School schedules on those days will be:

AM Session:

8:15 Temperature checks at one of our walk-up or drive-up stations
8:30 Teacher welcomes students into classrooms and instruction begins

11:05 AM Dismissal
**Students not picked up by 11:15 will be escorted back to the front office*
12:05 to 2:40 Window for at-home learning

PM Session:

8:30 to 11:05 Window for at-home learning

11:50 Temperature checks at one of our walk-up or drive-up stations
12:05 Teacher welcomes students into classrooms and instruction begins

2:40 PM Dismissal
**Students not picked up by 2:50 will be escorted back to the front office*

Virtual Learning Academy (VLA)

Our goal is to foster continuity of our school community. This means to the greatest extent possible, students will receive virtual instruction from a teacher at their home school. The determining factors will be the number of students and staff requesting the VLA option for our school. If placement at the home school is not feasible, the student will receive VLA instruction from another highly qualified Poway Unified teacher. Students will receive virtual classroom learning five (5) days a week from home. Integrated standards-based instruction will be provided by the virtual classroom teacher via rigorous live and recorded lessons, offline learning, and virtual collaboration with their online community.

Virtual Learning will utilize one learning management platform: Canvas. Students will be following a virtual bell time schedule to attend live instruction and required classroom conversations. There will be regular office hours, homeroom, and opportunities for students to ask questions and work in collaboration with each other. Virtual Learning will include PE for all students. For students on an IEP, related services will be provided as documented on each student's IEP (may also occur in a virtual format as needed).

More information about our learning models is available in the [PUSD School Reopening Guidebook 2.0](#).

Social and Emotional Learning (SEL)

SEL has been identified as a key area of consideration in school districts' reopening plans. The COVID-19 pandemic has amplified the need to address student (and staff) wellness, and has created a new set of circumstances that necessitates that we prioritize the importance of meeting the social-emotional needs of our students, staff, and families. At Del Sur, we will be following a SEL

Integration Rubric designed from CASEL resources which will start with building adult knowledge and awareness, and using SEL curricula from resources such as Sanford Harmony and Second Step. Teachers will check in daily with students and we will continue utilizing the Mindful Minute and hold class Meet-Ups. Students will continue to be supported by our counselor and Student Services Assistant (SSA). Our SSA schedule will be set to support a portion of each AM/PM session.

Health & Safety Measures

The safety of students and staff continues to be our top priority for the 2020-21 school year. School administration has walked the campus and reviewed the site with a lens of effectively implementing the spirit and intent of the Public Health Order. When it comes to educating our school community about safe habits during this pandemic we are focused on what are referred to as the Big 4: Temperature and Symptom Screening, Physical Distancing, Face Coverings and Increased Sanitation. Signage promoting the Big 4 will be posted throughout campus.

Temperature and Symptom Screening

- **Passive Screening:**
 - Parents/guardians should screen students before leaving for school by checking their student's temperature to determine that it is below 100 degrees Fahrenheit (without fever reducing medications) and observe for [symptoms](#). Parents are to keep their students home if they have symptoms consistent with COVID-19 or if they have had close contact (proximity of less than 6 feet for more than 15 minutes) with a person diagnosed with COVID-19.
 - Staff should self-screen before leaving for work by checking their temperature to determine that it is below 100 degrees Fahrenheit and to observe for [symptoms](#). Staff are to stay home if they have symptoms consistent with COVID-19 or if they have had close contact (proximity of less than 6 feet for more than 15 minutes) with a person diagnosed with COVID-19.
- **Active screening:**
 - Staff and students will be screened daily outside dedicated areas (noted below in **Temp Check Stations**) of the campus to ensure appropriate physical distancing.
 - Students and staff will be assessed via visual wellness checks and temperature checks with no-touch thermometers (to ensure the temperature is below 100 degrees Fahrenheit). **(if temp is at 100 or higher, check temp again to ensure not a false temp reading)**
 - Staff will be asked about COVID-19 symptoms within the last 24 hours and whether anyone in their home has had COVID-19 symptoms or a positive test. Arrival for both AM and PM sessions will have two options:
 - 1) Families can drive through our main parking lot only and their child's temperature will be checked while in the vehicle.
 - 2) Families can walk up to any of our 4 Temp Check Stations (see below - **Walk-up Temp Check Stations**). All students must be accompanied by a parent/guardian.

All staff members who are checking temperatures will receive role procedures and expectations to ensure that students and families are greeted positively. If a child has a temperature at or above 100 degrees Fahrenheit after 2 temp checks, the parent/guardian will be notified discreetly by staff to head back home and to contact the

school health office for follow up support. Health tech will record information and continue follow-up with family.

Screening Questions to be asked of parents/guardians during temperature checks:

1. Has/have your child/children had a fever or symptoms consistent with Covid-19?
Symptoms may include:
 - a. Fever or chills
 - b. Cough
 - c. Shortness of breath or difficulty breathing
 - d. Fatigue
 - e. Muscle or body aches
 - f. Headache
 - g. New loss of taste or smell
 - h. Sore throat
 - i. Congestion or runny nose
 - j. Nausea or vomiting
 - k. Diarrhea
2. Has/have your child/children or anyone in your home had contact within the last 14 days with any person under screening/testing for Covid-19, or with anyone with known or suspected Covid-19?

- o Documented pre-existing conditions that have symptoms consistent with COVID-19 will be taken into consideration and will not necessarily require removal from school.

Walk-up Temp Check Station areas:

- Entrance gate by the lunch court area (Walk Up Temp Check Station A)
- Entrance gate by the bike rack area (Walk Up Temp Check Station B)
- o Hand sanitizing stand up no-touch dispensers will be located at each of the 3 Walk-up Temp Check Stations and all staff and students must sanitize before entering the campus.
- o For students riding the bus, screenings will take place before boarding the bus.

Drive-up Temp Check Stations:

- There will be three spots where Temp Checkers will be taking student's temperature while you are in the car
- Please make sure student is on the passenger side of the car
- Student will stay in car until they get to stop by the bike rack entry gate
- Parent/guardian exits out of the school

Physical Distancing

The school and the district are committed to ensuring physical distancing in a variety of settings including bus stops, buses, screening stations, lunch, recess, passing periods, classrooms and other instructional spaces, restrooms, locker rooms, before and after school pick-up and drop-off areas, etc.

District and site-provided signage will help to support this effort. Directional flow allowing for one-way foot traffic will be implemented where necessary and practicable.

- **Arrival and Departure:**

- Session hours and drop off locations are designed to maximize physical distancing.
- Dismissal locations will be designated to maximize physical distancing.
- **(Families with siblings need to pick up at the dismissal location for their youngest Explorer in their family. All older siblings will be guided to go to their youngest siblings dismissal location)**

Dismissal Locations:

Grade Levels	Location
TK and Kinder	Iron entrance gates to main building from main parking lot
1st	Entrance gate from the lunch court area
2nd and 3rd	Entrance gate near the bike rack area
4th	Entrance door to building from the bus loop
5th	Entrance door to lobby from Paseo Del Sur

- Multiple routes for entry and exit are marked and designed to limit direct contact with others as much as practicable.
- Currently volunteers and visitors are not allowed on campus. The allowance of volunteers on campus will be a phased approach based on current safety regulations for physical distancing, and will be determined by health conditions and guidelines. At some point we would like to have volunteers back, but must monitor health orders in order to welcome volunteers back. When the time comes, there will be training to ensure volunteers follow established protocols.
- Where physical distancing cannot be maintained on the bus, face coverings are required.
- Bus drivers will notify students and parents to maintain 6-foot distancing at bus stops and while loading and unloading.
- Students will be seated from the rear of the bus forward to limit unnecessary contact.

In Classrooms:

- To the extent possible, we will maximize space between seating and desks.
- Teacher and other staff desks will be positioned at least six feet away from student desks.

- Where practicable, students will be further separated by privacy boards between desks, and markings on classroom floors to promote distancing or arranging desks in a way that minimizes face-to-face contact.
- Consideration will be given to redesigning activities for smaller groups and rearranging furniture to maintain separation.
- Routines for submitting assignments will also minimize contact between students and teachers.

Students and staff should avoid congregating in larger common spaces, including break rooms, staff rooms, and bathrooms.

Grab and Go Lunch Procedures:

Breakfast and lunch will be provided at each elementary school and the 7 secondary distribution sites. Below are the procedures for food and nutrition distribution.

AM STUDENTS

AM students will attend school. After school is dismissed, students will go to the food distribution location on campus and pick up their breakfast/lunch grab and go meals. Students will leave campus and eat lunch at their after school destination. Parents/guardians must fill out this required form [Parent Pick Up form](#) in order for their child to get a grab and go bag lunch. Parents may complete the form on-site or at home and return it to school the following day for audit purposes. This form serves as certification by the parent that meals are only provided to eligible students, without duplication. The parent or guardian would only need to complete the form **once** and return it to the school location where meals will be picked up.

Students attending ESS will eat lunch once they arrive at ESS. Lunch count will take place and the ESS staff will go to the food distribution area to pick up lunch for students. Principal, ESS supervisor and Food and Nutrition team will finalize the plan for breakfast/lunch pick up/distribution and eating location.

PM STUDENTS:

All PM students that have the Grab and Go Parent Form submitted will stop at the lunch court to grab their lunch before going to class. Food and Nutrition staff will not be able to deliver the meals as they need to stay in the nutrition center and continue to serve meals to VLA families picking up meals. Please note that the meals and milk will have a long enough shelf life to make it home. Students can bring in a sealed lunch holder with an ice pack if desired.

VIRTUAL LEARNING STUDENTS

Families can go pick up their lunch at Del Norte High School or any other secondary food distribution location. The district meal distribution locations are open 7-8:30am and 11-1pm Monday -Friday at the following schools: DNHS, MBMS, MCHS, PHS, RBHS, TPMS, and WVHS.

Face Coverings:

Face coverings are required for ALL students Preschool-12th (unless exempt), in order to provide additional protection for students and staff and prevent the spread of COVID-19.

- Students without masks will be provided with a disposable one to wear while at school. Students who refuse to wear face coverings and do not have an exemption will be excluded from on-campus learning. They will be required to participate in fully virtual learning.
- Students with medical/sensory/cognitive/behavioral exemptions (with a doctor's note) will not be required to wear a mask, but are strongly encouraged to utilize a face shield if possible.
- Students will be instructed on proper face covering protocol. Parents are asked to familiarize their children with the use of cloth face coverings, including the importance of being careful not to touch their mask or areas of their face.
- Students will be asked to wear face coverings upon arrival to the school site, throughout the day in their classrooms, as they transition between classes, as they travel around campus, when they have less than 6 feet of distance between themselves and another student or staff member, and when they are dismissed.
- Students will be allowed to remove their masks to eat, or for any mask breaks designated by staff.
- All staff will be provided with face coverings and are required to wear face coverings unless prevented due to health conditions or instructional/ communication needs. In those instances, staff will be provided with a clear face shield.
- Visual reminders regarding face covering protocols will be posted for staff and students.
- Parents/guardians should familiarize their students with the information available [here](#) about the proper use, removal, and washing of cloth face coverings, as possible.

Increased Sanitation

- **Hygiene:**
 - The top two recommendations from every health agency to prevent the spread of COVID-19 and to minimize personal risk of getting COVID-19 are frequent handwashing and minimizing touching your face.
 - Staff will train students in appropriate hand washing techniques. They will also explain the importance of avoiding contact with one's eyes, nose, and mouth and covering coughs and sneezes.
 - Students must wash or sanitize their hands as they enter campuses.
 - No Touch Hand sanitizer will be available through automatic dispensers in strategic locations across campus.
 - Time will be allotted throughout the day for students and staff to wash or sanitize their hands. Minimally, students will be provided time for hand hygiene at the beginning of the school day, after bathroom use, and prior to leaving campus.
 - Physical distancing measures and increased supervision will be used to prevent congregating in restrooms.
 - Site custodians will ensure an adequate supply of soap, hand sanitizer, tissues, etc. to support the hygiene needs of our students and staff.

- **Cleaning and Disinfecting:**

- Teachers are advised to avoid allowing students to share electronic equipment, books, or learning materials.
- Returned books sit for a few days before being reshelfed. Students and staff will wash or sanitize hands before using the library to look for a book.
- Students will be provided individual student sets of materials, i.e., pencils, markers, reading books, scissors, etc. for class needs. DSES Parents can view the grade level supply wish lists here: [DSES Supply Wish Lists](#)
- Materials that are difficult to clean and sanitize will be limited.
- Desks, tables, chairs, keyboards, headsets, and other similar equipment will be disinfected after each use, as practicable.
- Custodial staff will disinfect high touch points and hard surfaces daily. This includes door handles, desktops, sink handles, handrails and restrooms. Restrooms will also be disinfected midday. Staff will also have access to cleaning and disinfecting materials should they choose. Use of disinfectant will require training. Periodic check ins with custodial staff to ensure cleaning schedules are being followed.
- Classroom disinfection by custodial staff will not occur when students are present.
- High touch points on buses will be disinfected after each morning and afternoon route and the entire bus will be disinfected each evening.

Campus Access

- Currently volunteers and visitors are not allowed on campus. The allowance of volunteers on campus will be a phased approach based on current safety regulations for physical distancing, and will be determined by health conditions and guidelines. At some point we would like to have volunteers back, but must monitor health orders in order to welcome volunteers back. When the time comes, there will be training to ensure volunteers follow established protocols.
- All approved visitors to campus will be screened. Those showing [symptoms of COVID-19](#) will not be allowed to access the campus.
- Main Office-has plexiglass divider to support both OA staff members.
- Currently, PUSD is limiting the use of facilities by external groups to primarily outdoor spaces. All organizations are required to follow the Public Health Order and related guidelines as a condition of facility use. At this time, no outside groups will be allowed to use any indoor spaces on campus.

Students at Increased Risk of Illness

We recognize that some of our students with access and functional needs may be at increased risk of becoming infected or having unrecognized illness due to COVID-19. We are taking the following steps to support these students:

- Staff are reviewing student health records to identify which students may need additional accommodations.
- Parents are encouraged to contact the school with any concerns or needs specific to their student's unique condition so that staff may partner with them regarding potential supports.
- Students with more severe disabilities will be kept in cohorts within their classrooms whenever possible. They will be provided additional support with hand washing and physical distancing. These environments will be cleaned and disinfected at least daily.

Symptomatic Students & Staff on Campus

- Students who develop a fever over 100 degrees and/or symptoms of illness while at school will be separated from others immediately in an identified area (typically within or nearby the Health Office) to isolate potentially ill students from the general student population. Our Conference Room will be used for supporting minor student issues.
- Students exhibiting symptoms will be required to immediately wear a face covering (unless unable to do so due to disability) and wait in the isolated area until they can be transported home or to a healthcare facility.
- Students who are ill will remain in the Health Office until a parent comes to pick them up.
- Staff who develop symptoms while at work will be sent home. The principal or designee will be notified and emergency substitute plans will be enacted. On-site certificated staff not connected to a classroom will be used for coverage.
- Sick students and staff are advised to adhere to the following [CDC guidelines](#).
- They are not to return to school/work until they have met [CDC criteria to discontinue home isolation](#).
- If you think you may have COVID-19 or may have been exposed to COVID-19, please contact your healthcare provider, to determine treatment and testing steps.
- If you receive a positive test result, it is recommended you notify the school immediately.

Procedure for Handling a Positive COVID-19 Test on Campus

- If the school is notified of a student or staff member who tests positive for COVID, the administration will work with District staff to notify affected parties under the guidance of the County Department of Health and Human Services, as required. Confidentiality will be maintained in accordance with federal and state law.
- The areas they contacted will be disinfected as quickly as is practicable. This may include closing a classroom for a short-time, if necessary. Classroom students will move to distance learning until notified.
- The District will adhere to public health guidelines for [isolating positive cases or those who have been directly exposed to a positive case](#).
 - For exposures to a known positive person, this includes home isolation for at least fourteen (14) days.
 - If a person has tested C-19+ and *has not developed symptoms* they may return 10 days after the date on which they first tested positive.
 - If a person has tested C-19+ and *symptoms develop*, delay return until the person is 10 days past the onset of symptom(s) and has not had a fever (without fever-reducing meds) during the 24 hours prior to return.
 - For those who test positive for the virus, this includes home isolation for at least ten (10) days after respiratory systems have improved and three (3) days after a fever.
 - Students may be allowed to return if they have negative test results for the virus at least 24 hours apart.
- Students who are sent home for testing positive or being exposed to someone who tested positive will have access to instructional materials as if this were any other illness-related absence.
- In the event that a student who is in isolation or quarantine requires school-provided nutrition, the Food and Nutrition Department will work with the family to make food available for pickup at school.
- Discrimination against students, family members or staff who have been diagnosed with COVID-19 is prohibited and will not be tolerated.

Travel

If your family is considering travel at this time or planning a trip, please review this important information from CDC. We appreciate your support in reducing exposure to students and staff.

CDC on Travel During COVID-19

Maintaining Healthy Operations

- The school will rely upon the district's existing absence management system for staff and will continue its efforts to recruit high quality substitute employees.
- Administration, in conjunction with health and attendance personnel, will monitor the types of illness and symptoms among students and staff to help isolate them promptly if necessary.
- All staff and student absences related to COVID-19 will be monitored through the district's Risk Management Department, who will consult with the Resource Nurses and work with the Communications Department in the event additional notifications are deemed necessary.
- Families are requested to report any positive cases to the school. Staff will notify their supervisor. Confidentiality will be maintained as required by law. The District's Communications Department will keep the community informed of any impending school closures related to COVID-19.
- The District, as required by public health orders, will report any positive cases to the County Department of Health and Human Services, so that contact tracing and notification may occur in order to prevent the spread of the virus.
- Students who are at higher risk for infection may choose to participate in the Virtual Learning Academy. However, should they choose to attend class on campus, school staff will work with the family in an effort to reduce the risk of illness.
- Staff who are at higher risk of contracting COVID-19 and believe they require accommodations to perform their duties should contact Personnel Support Services.

Considerations for Partial or Total Closures

- The District will monitor student and staff absences for indications of potential community transmission. If, in consultation with the Department of Health and Human Services, it is determined that a school, several schools, or the District must scale back operations or close, the District will communicate with families as soon as possible.
- The District has contingency plans in place to revert to virtual learning models in the event such closures are ordered by public health departments or are determined to be in the best interest of student achievement.
- In the event the District must close pursuant to public health department orders or at the discretion of the Superintendent, all efforts will be made to maintain and sustain student learning in a virtual format.
- In the event of a school closure, multiple school closures, or District closure, the Food and Nutrition Department will communicate the method for students to receive school-provided lunches. This may not necessarily occur at a student's home school. This decision will be made by the Food and Nutrition Department and communicated through the Communications Department.
- In the event of a school closure, the District and site will communicate to the parents and students how to access other school services, including but not limited to guidance counseling, individual instruction, and special education needs.

- In the event of a school closure, the District will reinforce the concepts designed to prevent the transmission of COVID-19 promulgated by public health agencies, such as physical distancing in its communications with parents, students, and staff, including discouraging them from gathering elsewhere.

Staff Training

- All staff will be instructed on enhanced sanitation practices, physical distancing, face coverings (including the washing), screening practices, and COVID-19 symptom identification.
- Staff using disinfectants, including disinfectant wipes, must complete the Keenan Training entitled: *Pest Management Training*, which includes guidance on the proper use and care of disinfectants.
- Staff should familiarize themselves with the information available [here](#) about the proper use, removal, and washing of cloth face coverings.
- Staff should further familiarize themselves with disinfecting frequency, tools, and chemicals by viewing the [CDPR](#) guidance.

Staff Protective Equipment

- The district has developed an effective plan to protect employees which in addition to personal protective equipment includes signage, hand sanitizer, disinfectants, electrostatic sprayers and physical barriers.
- Cloth face coverings have been provided to all employees and face shields will be provided to all instructional personnel.
- For staff engaging in symptom screening, PUSD will provide face covering, face shields, and disposable gloves. Personnel who will be caring for students who may have COVID-19 (i.e. district nurses and health technicians) will also have access to N95 masks.
- The district is maintaining adequate supplies of protective equipment and custodians are responsible for ordering any PPE-related supplies for the school site.
- The district is continually engaged with the labor organizations to collaboratively work through employee protection issues.

Note: This reopening plan is intended to be a living document that is revisited and updated based on revisions to the County Public Health Order and Emergency Regulations. District administrators participate in weekly meetings reviewing the latest COVID-19 guidance from The California Department of Public Health (CDPH), California Department of Education (CDE), San Diego County Health and Human Services Agencies, Public Health Services (PHS) and San Diego County Office of Education (SDCOE). Updates and changes to policies are communicated system-wide. This document will be posted on our school website. The PUSD website contains additional information regarding the plans for reopening the district.
