ESS IS A VOLUNTARY USE PROGRAM

All PUSD elementary schools have an Extended Student Services program on campus. Our organization works diligently to accommodate and serve working families in need of before and after school care. A student's enrollment at an elementary school does not guarantee them E.S.S. enrollment. As a growing organization, each E.S.S. site may experience limitations that factor into the enrollment capacity and may prohibit the acceptance of additional students at any given time.
