

POWAY UNIFIED SCHOOL DISTRICT

May, 2019

Dear Parent:

We are looking forward to welcoming your kindergartener into the Poway Unified School District in the coming school year. As your child begins this exciting learning journey in our District, it is important to share pertinent information regarding our kindergarten program.

All kindergarten classes in our district are scheduled full day, with the exception of Transitional Kindergarten classes, which meet ½ day in the morning at the sites that host them.

Throughout our District, kindergarten students begin the year with Kindergarten Introduction Days (K.I.D.), in which kindergarteners are dismissed after lunch each day and will subsequently begin a full day program on September 10th. This transition period is designed to ease our kindergarteners into the demands of an all day schedule. Should you need child care during these shortened days, please contact your school's Extended Student Services (ESS) office.

Detailed information regarding dismissal times for the beginning of the year will be provided to you during the enrollment process at your school site. Should you have any questions or be in need of clarification, please contact the school office.

Sincerely,

Doug Johnson
Executive Director

Kimberlie Rens
Executive Director
