**AB-22 extends Universal TK to all 4-year-olds, and it will be phased in. For the 2022-2023 school year, a student must turn 5 no later than February 2, 2023, to be eligible for TK.

Placement Suggested Protocol:

- Follow the standard practice of reciprocity between other districts and states if grade placement is within the appropriate age range and in correspondence with the current school calendar year. When a child has been legally enrolled in a public school of another district within or out of the state, he or she may be admitted to school and placed in the grade of enrollment in the district of former attendance, at the discretion of the school administration of the district entered. (EC Section 48011)
- K-8 students who come from other countries, and students who have not been in school for two or more years, are placed according to their age. In special or unusual circumstances, the Directors of Elementary and Secondary Education should be contacted for placement determination.
