Feedback from Ginger, Chaparral Educational Foundation Chair: The previous year we ran our own event and tallied laps and had donations of checks & cash. We made about \$10K. This last year we used the online company The Get Movin' Crew and we doubled our earnings. We still put the event on ourselves, like normal, but we used their web-based donation system. We do our own incentives from community donations (i.e. all participants got a free meal at chickfila, and for every \$20 you raised we had an opportunity drawing for an iPad.) Anyway, they took a very minimal percentage (I want to say 8% max) and all donations that were not made through their website (cash & checks) we got 100%. It worked out very well and we made over \$20K, It was pretty awesome!
