School Accountability Report Card

Reported Using Data from the 2016-17 School Year

Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

Mt. Carmel High School opened in 1974 and serves the San Diego communities of Rancho Penasquitos, Sabre Springs and Stonebridge. Mt. Carmel also serves as a "School of Choice" for the Poway Unified School District so that students district-wide can access programs offered at Mt. Carmel. Approximately 25% of MCHS students attend Mt. Carmel through voluntary transfer. The campus was completely modernized in 2007 and offers 12 science laboratories including a Biotechnology lab, a virtual language lab, visual arts labs, an updated library with print and on-line collections, a modern Performing Arts Center, an expanded cafeteria and lunch shelter, and upgraded physical education, aquatics, and athletic facilities.

Mt. Carmel is dedicated to studying the "student experience" in order to better attend to the needs of the students and families in our community. To coordinate services for students, the counselors and administrators are organized into Alpha Teams that follow each student through their four years at Mt. Carmel. The Sun Center houses counselors and guidance technicians, as well as student assistance services. The adjacent administration building houses the records, attendance, finance and health offices as well as offices of administrators. The neighborhoods surrounding Mt. Carmel are predominantly middle-class with more than 57,000 residents in over 17,000 households living in apartments, condominiums and single-family houses. Seventy-two percent own their homes and 28% are renters. Eleven percent of families have incomes below the poverty level, 31% percent of families have incomes of less than \$59,999 per year, 59% between \$60,000 and \$149,999 and 10% have incomes of \$150,000 or more. The predominant racial/ethnic groups of the community are African-American (4%), Asian (17%), Filipino (14%), Hispanic (12%) and White/Caucasian (48%). More than one-quarter of these residents are foreign born and one-third speak a language other than English at home.

Mt. Carmel emphasizes the Sundevil Core Experiences, which include College Readiness, Advanced Placement experience and Career Experience. Our students take over 1,200 Advanced Placement tests per year with passing rates at 80% or above. Our students participate in seven different Career and Technical programs and are supported by our Education Foundation through seminars on finance, job interviews and resume writing. Our students can take part in over 50 different clubs, 60 athletic teams, and 11 performance groups. The Mt. Carmel athletic teams have a tradition of success with over 80 CIF championships and our performance groups have numerous honors and awards. Our marching band hosts the largest band competition in the County, which features a community parade each year.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

The Poway Unified School District ensures that students attend clean and safe facilities. In accordance with Education Code Section 17070.75(e), the District uses a School Facilities Inspection System developed by the State of California to ensure that each of its schools is maintained in good repair. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Daily cleaning schedules ensure that classrooms, offices and bathrooms are clean and well maintained. Playgrounds and fields are ample and well maintained. A full time custodian is on every campus throughout every school day. A night custodial crew cleans classrooms, restrooms and offices daily. The district has adopted cleaning standards for all schools. A summary of these standards is available at the district offices.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	81	80	75	74	48	48
Mathematics (grades 3-8 and 11)	57	57	67	66	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	472	455	96.4	79.52

English Learners	39	34	87.18	47.06
Students with Disabilities	59	53	89.83	32.69

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Career Technical Education Programs (School Year 2016-17)

The Poway Unified School District and our entire community value the key role that Career-Technical Education (CTE) plays in helping to fulfill the District’s mission of college and career readiness for every student. As an integral part of the educational program, CTE in the Poway Unified School District offers academically challenging technical courses and programs. These courses and programs are comprehensive and future-oriented, are responsive to student, parent, community and workforce development needs, and are proven to positively affect student achievement.

The CTE courses offered at our high schools are advertised to students and parents through the regular course recruitment process each spring. This allows students and parents, with guidance from high school counselors, to choose CTE courses along with all of the other courses offered on that high school campus. This practice ensures that all high school students have access to the CTE courses, including students of special populations. Because the CTE courses are integrated at the high schools and are part of the regular school day, the unique needs of special populations are supported through our existing infrastructure, which includes teachers, counselors, and staff – including Special Education and EL program staff.

An advisory committee is convened at least once a year for each CTE industry sector or pathway. Business representatives from Agriculture; Arts Media and Entertainment; Building and Construction Trades; Business and Finance; Engineering and Architecture; Health Science and Medical Technology; Information and Communication Technologies; Manufacturing and Product Development; Marketing, Sales and Services; Public Services; and Transportation participate. The current chair of our CTE advisory committee is a representative from the Poway Chamber of Commerce (Dolores Canizales, President/CEO).

All of the CTE courses offered fit into a sequence or pathway of courses within an industry sector. To move our CTE courses toward increased rigor and college readiness standards, several years ago, the Poway Unified School District set a goal that each CTE course must meet at least one of the following criteria: be UC approved; be articulated with a local community college; or prepare students for an industry certification. The CTE courses offered during the 2016-17 school year are displayed below. (“U” denotes a course that is UC approved; “A” denotes a course that is articulated.)

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Parent and community involvement at Mt. Carmel is deep and positive, with an emphasis on a common goal of educating young people academically, physically, artistically and emotionally. Parent events throughout the year include, but are not limited to: Back to School Night, College Fair, Sun Center Open House and Eighth Grade Parent Night along with College Application, Naviance workshops and Financial Aid workshops. The Mt. Carmel Athletic Foundation and its numerous parent booster groups support the programs in the MCHS athletic program. The Mt. Carmel Performing Arts Boosters support award winning instrumental, orchestral, vocal music and drama programs. The MCHS PTSA offers volunteer hours to many school programs, grants to staff members and scholarships to students. The Mt. Carmel Education Foundation supports academic excellence through fundraisers and teacher grants. The School Site Council has parent membership and is integral in reviewing and approving academic plans. All MCHS teachers maintain MyConnect websites and Synergy Online Gradebook. Through these sites, parents and students have access to course information and grades. Parents may also access Naviance to track progress towards college readiness, including some college and scholarship application processes. Parents can give input and feedback to the Local Control Accountability Plan (LCAP) through site-based community forums hosted each year.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

School Safety Plan (School Year 2017-18)

Mt. Carmel places a strong emphasis on safety for students and staff. Emergency plans are reviewed frequently. Annual training procedures and drills for earthquakes, fire, evacuation and lock-down are held. School administrators and teachers work together with Campus Security Specialists to ensure a safe and secure campus environment on a daily basis.

Our Safety Plan includes programs to maintain both physical and emotional well being. Systems for emotional well being are reviewed periodically with the entire staff and revised by our counseling team, Student Services and our Wellness committee. Specialized programs for students with special needs are also in place.

These plans are reviewed on the published staff development days. Updates and reminders are sent by email throughout the course of the year and students are informed through their classes and as part of the school-wide broadcast system.

Professional Development (Most Recent Three Years)

Research supports the positive effects professional development has on increasing student learning. All teaching staff have the opportunity to participate in district and school site level professional development. These workshops are presented in a semester or year-long series and support a wide variety of professional development. These include the use of effective instructional strategies, implementing the use of computer technology in teaching and learning, critical reading, writing and mathematics strategies, effective use of assessments, positive discipline in-services, and Multicultural training.

Site based professional development occurs under the following formats: Eight district provided days, Approximately 25 time banked Friday Late Starts, staff meetings, department meetings, and lunch meetings. These opportunities are guided by site goals, in direct support of district LCAP goals, and designed with the cooperation of the administration, Leadership Team, Intervention Team, staff, and Professional Development Teacher on Special Assignment. The Poway Professional Assistance Program (PPAP) provides support for new teachers. Teachers are encouraged to participate in the National Board Certification process and recognized by the Poway Unified School District when they earn NBCT status.

Our site based professional development is focused on the Student Experience with learning. Our meetings are focused on instructional strategy and learning outcomes and how that shapes the student experience. Our ongoing development is calibrated and reported on by peer observation, administrative walk-throughs, feedback forms, self-reporting, lesson studies and both informal and formal feedback from students, parents, and teachers.
