School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

During the 2017-2018 school year, 65 students were enrolled in the GATE Program. The Resource Specialist Program served 41 students and the speech/language specialist served 58 students. Painted Rock houses the only class in the Poway Unified School District serving Emotionally Disturbed (BASES) students with 7 students enrolled last year. Painted Rock served 3 students in the second year of an Autism Support Class for TK through 2nd grade students. There was an average of 185 students in our Extended Student Services Program.

The 2017-2018 staff included 25 full-time credentialed teachers. Support staff included 1 full time speech/language specialist, 1.5 resource specialist, one special day class teachers (with appropriate amounts of instructional assistants based on students' IEPs), one part-time psychologist, and a part-time orchestra/band teacher. A library technician coordinated library schedules, provided instruction on library skills and monitored textbooks and audio-visual equipment circulation. The staff includes one English Language Learners aide, 3 Impact teachers (2 intervention and 1 music teacher). Support staff also included a PE instructor who provided instructional services for physical education programs. Support staff included a 15 hour a week Student Services Specialist and one 2 day a week counselor who taught whole class and small group lessons in problem solving, anger management, impulse control, bullying prevention and cultural diversity. Other support staff included an administrative assistant, one part-time office assistants, one health aide, two custodians, and six recess/noon-duty supervisors. Office staff and classroom teachers coordinated volunteer efforts along with the PTA, resulting in 80-90 volunteers each day.

Teachers received training on Response to Intervention and the Next Generation Science standards both at the site and district-levels.

School Facility Conditions and Planned Improvements (Most Recent Year)

The Poway Unified School District ensures that students attend clean and safe facilities. In accordance with Education Code Section 17070.75(e), the District uses a School Facilities Inspection System developed by the State of California to ensure that each of its schools is maintained in good repair. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Daily cleaning schedules ensure that classrooms, offices and bathrooms are clean and well maintained. Playgrounds and fields are ample and well maintained. A full time custodian is on every campus throughout every school day. A night custodial crew cleans classrooms, restrooms and offices daily. The district has adopted cleaning standards for all schools. A summary of these standards is available at the district offices.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)

Mathematics (grades 3-8 and 11)	73.0	79.0	66.0	67.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

Painted Rock recognizes the importance of the partnership between home and school and remains committed to supporting the Parents As Partners Core Value. Parents are included in the improvement process and serve in an advisory capacity on many committees. Parent volunteers work in a variety of capacities such as: Classroom support, art specialists, book fairs, running club, junior Great Books, math-tiling, the garden club, and i-pad support and training. Painted Rock continues to have a very active Education Foundation and PTA which supports the school in a variety of areas, including funding a full-time PE teacher, two part-time certificated Impact teachers, and one part-time music teacher. Parents also play an active role in the decision-making process on our School Site Council.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2018-19)

Painted Rock Elementary school places a strong emphasis on safety for students and staff in order to provide a safe, respectful, accepting and emotionally nurturing educational climate and provide each student resiliency skills. At Painted Rock, staff, students and parents work collaboratively to ensure a safe and secure environment. The principal provides ongoing training to staff, including noon supervisors, on teaching and monitoring children to be "fair and safe". We are fortunate to have a school counselor two days a week and a Student Services Assistant 15 hours a week. The counselor teaches character lessons and works with referred students who need assistance in social skills. She works 1:1 or in small groups. The Student Service Assistant provides character lessons and helps students problem solve on the playground. Our caring front office staff provides support for students on a daily basis. Emergency plans are reviewed frequently. Annual training procedures and drills for earthquakes, lock downs, and fire and bus evacuation are held. We debrief after each drill, lessons learned.

The district maintains a collaborative relationship with local law enforcement and the Office of Emergency Services to ensure optimal preparedness. In collaboration with our law enforcement we adjusted the parking lot traffic flow and added appropriate supervision to a safe parking lot at the start and end of the school day.

Maintenance staff work with a scheduled preventive program to offset costly repairs at our older sites, whenever possible. The school has an up to date Asbestos Plan. Extended Student Services is available to students for before and after school childcare.

Professional Development (Most Recent Three Years)

Research supports the positive effects professional development has on increasing student learning. All teaching staff is afforded the opportunity to participate in district (TLC) and site sponsored professional development. These workshops are presented in a semester or year-long series and support a wide variety of professional development. These include the use of effective instructional strategies, implementing the use of computer technology in teaching and learning, critical and close reading, writing and mathematics strategies, effective use of assessments, positive behavior and intervention supports in-services, and multicultural training. Teachers and administrators are actively involved in professional development activities at the school, district, state, and national level. The Poway Professional Assistance Program (PPAP) provides support for new teachers. Teachers are encouraged to participate in the National Board Certification process and recognized by the Poway Unified School District when they earn NBCT status.
