School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

Located in the community of Rancho Peñasquitos, Westview is the centerpiece of an expanding suburban area. Westview opened its doors in the fall of 2002, after several years of extensive planning to ensure the school's fundamental principles and facilities would support a standards-based learning community. The initial planning group consisted of a 16-member team, including district and school staff, parents, and school board members. The team visited other schools, studied reform literature, and met extensively to design the elements necessary for the vision of Westview to become a reality.

Westview's design is based on Rick DuFour's concept of a professional learning community. The school's vision, decision-making process, and daily operations reflect the four pillars of communication, collaboration, connectedness, and flexibility.

Westview operates on a 4X4 block schedule that allows students to create learning plans to meet their individual academic needs and goals. Wolverine Time is scheduled twice a week to help students meet their academic needs by providing small group or one on one tutoring with their teacher. Longer instructional periods and individualized instruction allow for students to access the curriculum in an effective manner.

An integral component of Westview High School is homeroom. Homeroom occurs three times per week and serves as purposeful platform for connection. Students connect with each other academically, socially, as well as with the homeroom teacher. In homeroom, students have access to the school announcements, Westview broadcast news and ASB activities. Our Student Senate is comprised of representatives from each homeroom.

Student and parent involvement contribute to Westview's vision and success. All stakeholders support Westview's vision through involvement in ASB leadership, the Student Senate, PTSA, the Foundation, School Site Council, and student/parent participation on school and district decision-making bodies.

Westview responds to the diverse needs of its community through facilities that offer award winning performing and visual arts programs, a full complement of athletic and extracurricular offerings, wellness support programs, Special Education services, ELL classes, AVID, support for at-risk identified students, and Advanced Placement (AP) course. Westview serves the community through an on-site preschool, Career & Technical Education (CTE) classes, and facilities for district professional growth and community programs.

Westview is truly a reflection of its vision and the district's core value: College and Career Readiness for all!

Mission Statement

Westview is a thriving learning community to which all members feel connected. At Westview, high academic and personal standards are established, accessed and achieved by all members through collaboration, meaningful activities, and ongoing, comprehensive evaluation. The culture of Westview is one of respectful communication and interdependence while still celebrating the uniqueness of each individual.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

The Poway Unified School District ensures that students attend clean and safe facilities. In accordance with Education Code Section 17070.75(e), the District uses a School Facilities Inspection System developed by the State of California to ensure that each of its schools is maintained in good repair. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Daily cleaning schedules ensure that classrooms, offices and bathrooms are clean and well maintained. Playgrounds and fields are ample and well maintained. A full time custodian is on every campus throughout every school day. A night custodial crew cleans classrooms, restrooms and offices daily. The district has adopted cleaning standards for all schools. A summary of these standards is available at the district offices.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	80.0	84.0	74.0	74.0	48.0	50.0
Mathematics (grades 3-8 and 11)	70.0	70.0	66.0	67.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

**CAASPP Test Results in ELA by Student Group
Grades Three through Eight and Grade Eleven (School Year 2017-18)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded

English Learners	46	41	89.13	51.22
Students with Disabilities	59	38	64.41	63.16

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group

The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students
Grades Five, Eight, and Ten**

Subject	Percentage of Students Meeting or Exceeding the State Standard					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
Science (grades 5, 8, and 10)	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

Career Technical Education Programs (School Year 2017-18)

The Poway Unified School District and our entire community value the key role that Career-Technical Education (CTE) plays in helping to fulfill the District’s mission of college and career readiness for every student. As an integral part of the educational program, CTE in the Poway Unified School District offers academically challenging technical courses and programs. These courses and programs are comprehensive and future-oriented, are responsive to student, parent, community and workforce development needs, and are proven to positively affect student achievement.

The CTE courses offered at our high schools are advertised to students and parents through the regular course recruitment process each spring. This allows students and parents, with guidance from high school counselors, to choose CTE courses along with all of the other courses offered on that high school campus. This practice ensures that all high school students have access to the CTE courses, including students of special populations. Because the CTE courses are integrated at the high schools and are part of the regular school day, the unique needs of special populations are supported through our existing infrastructure, which includes teachers, counselors, and staff – including Special Education and EL program staff.

An advisory committee is convened at least once a year for each CTE industry sector or pathway. Business representatives from Agriculture; Arts Media and Entertainment; Building and Construction Trades; Business and Finance; Engineering and Architecture; Health Science and Medical Technology; Information and Communication Technologies; Manufacturing and Product Development; Marketing, Sales and Services; Public Services; and Transportation participate. The current chair of our CTE advisory committee is a representative from the Poway Chamber of Commerce (Dolores Canizales, President/CEO).

All of the CTE courses offered fit into a sequence or pathway of courses within an industry sector. To move our CTE courses toward increased rigor and college readiness standards, several years ago, the Poway Unified School District set a goal that each CTE course must meet at least one of the following criteria: be UC approved; be articulated with a local community college; or prepare students for an industry certification. The CTE courses offered during the 2017-18 school year are displayed below. (“U” denotes a course that is UC approved; “A” denotes a course that is articulated.)

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

Westview recognizes the importance of the partnership between home and school, and remains committed to supporting the "Parents As Partners" core value. Parents have been included in the improvement process and serve in an advisory capacity on committees. Many opportunities for parent involvement exist including participation through LCAP forum, School Site Council, Westview Foundation, English Learner Advisory Committee, Booster Clubs, and PTSA. Further, parents have opportunities to be involved in an advisory/support role in the myriad extra-curricular opportunities that students have across the Westview campus. This includes, but is not limited to, our many athletic programs, Westview Gold marching band, Westview theater, Westview choir, NJROTC, and robotics.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

Indicator	School			District			State

School Safety Plan (School Year 2018-19)

Westview has a safety plan that encompasses campus supervision, disaster planning, and intrusion crisis. Students and staff participate in no less than six disaster/emergency drills on an annual basis. Plans are reviewed and updated annually. Annual training procedures and drills for earthquakes, fire, evacuation and lock-down are held. School administrators and teachers work together with Campus Security Specialists to ensure a safe and secure campus environment on a daily basis.

Westview has a comprehensive school site safety plan that details various approaches in maintaining the highest level of physical safety for students and staff. This includes multiple safety drills, September 24: Evacuation drill; October 18: Duck/Cover; October 30: Lockdown drill. These are not only practiced, timed, and then debriefed to discover areas of improvement. Administration currently uses the "Remind 101" App, a free text messaging app that allows Command Center to communicate quickly and efficiently.

Types of Services Funded (Fiscal Year 2017-18)

The district's general fund includes monies for:

1. General operations—salaries, benefits, services, materials, and support to the general education
2. Special education—programs offering appropriate, individualized education to students with special needs
3. Supplemental grants used to increase or improve services to unduplicated pupils
4. Special projects/grants
5. Transportation
6. Facilities, Maintenance and operations
7. District administration

Each school in the district receives an instructional budget based on enrollment, programs, and on formulas set by the Board of Education policy, state law, agreements with employee bargaining units, and guidelines of outside funding agencies.

Professional Development (Most Recent Three Years)

Research supports the positive effects professional development has on increasing student learning. Every Wednesday morning teachers are provided an hour to work with their departments or curricular teams for staff development. In addition, all teaching staff is afforded the opportunity to participate in district and site sponsored professional development. These support a wide variety of professional development and include the use of effective instructional strategies, implementing the use of computer technology in teaching and learning, critical reading, writing and mathematics strategies, effective use of assessments, and Multicultural training.

Westview is currently undergoing "Focus on Learning" process which is conducted with accreditation through Western Association of Schools and Colleges (WASC). This accreditation process involves continuous cycle of improvement within the school using the following tools: assessment, planning, implementing, monitoring, and reassessment. This "Focus on Learning" is a self-study, in which WASC conducts a school visit, and follow-up visit. This self-study summarizes the degree to which all students, including disaggregated students groups, are accomplishing the schoolwide learning outcomes which have been identified as critical student learning needs and academic standards. These results become a summary of findings which include evidence and the creation of an action plan for the next three to five years.

In our efforts to comply with our district initiative in Cultural Proficiency, last year, Phil Boyte, motivational speaker, presented a professional development workshop on "Building Trust" and creating a culture which leads to meaningful conversations. This year, our leadership Cadre is reading and studying "School Culture by Design" by Phil Boyte in order to continue our theme of Cultural Proficiency. Building collective efficacy amongst all staff members became a prominent theme throughout this process and will continue to be a priority. Collective efficacy is something that we strive that all staff believe that they can make a difference by working together. Our fall Professional development day was working with the Anti-Defamation League on examining our biases.

As we examined our student data, experiences and community we found that "relationships do matter". Our goal is for every student to have at least one staff member they can connect with. Relationships matter when we look at our data, in our daily conversations with colleagues, students, parents and community members. Other days have included analysis of department level and school wide data, focusing on equality vs. equity, and . Westview utilizes the Leadership Cadre, comprised of department leaders across campus, to solicit input and feedback about developing professional growth day activities.

PUSD also offers Teacher Learning Cooperatives. Teachers and administrators are actively involved in professional development activities at the school, district, state, and national level. The Poway Professional Assistance Program (PPAP) provides support for new teachers.
