## School Vision and Mission

**Vision Statement:** To create an inclusive, fun and innovative world class learning community for each and every child, staff member and family member to empower our learners to be global thinkers, creative problem solvers and kind citizens.

**Mission Statement:** To always be Learner Centered & Future Ready by believing and supporting each and every learner, each and every day, whatever it takes!

**Theory of Action Statement:** If we consistently communicate a clear purpose for learning (social emotional, behavior and academic), then each and every learner will deepen and explore their thinking with the result of transferring their learning (skills/strategies) to real world applications.

## School Profile

As a learning community, we are dedicated to the education of “Every learner, Every day, whatever it takes.” We strive to meet the needs of each and every child through the collaborative efforts of teachers, families, learners and support staff to create cultures and conditions for a world class learning environment. Canyon View is a highly diverse community which serves TK through 5th grade learners. We are proud to have the Autism Spectrum Disorder program preschool-5th grade.

During the 2019-20 school year, we began implementation of a STEAM based learning center for our coyotes. We worked collaboratively with San Diego County Office of Education to support our learning of the NGSS standards, as well as with our site professional learning leader to implement STEAM based lessons. As we enter the 2020-21 school year, we are continuing this work, both on campus and virtually.

Learners walking onto our campus feel the energy and enthusiasm that supports their social emotional and academic well-being. In a traditional school year, the principal greets our families and learners each day in front of our schools with high fives, hugs and a smile. Our staff is composed of teachers with diverse interests that benefit our students with a wide variety of teaching experiences and classified personnel who work diligently to support the education of our future ready learners. Extended Student Services (ESS) provides on site childcare from 6:30 a.m. until 6:00 p.m. for approximately 125 students. In a traditional school year, our TEAM Canyon View has over 375 members who log more than 10,000 volunteer hours per year to support our school and coyotes.

Communication and collaboration thrives at Canyon View. Teacher newsletters, our weekly Catching Up With the Coyotes, Canyon View website, PTO and Foundation websites, teacher MyConnect sites and/or websites, Connect5 messages, frequent flyers, our increased presence on social media and our marquee represent the partnership that

exists between parents, teachers and students. Learning doesn't happen in isolation, it is a result of all stakeholders working together. Our school is extraordinary because we are a hardworking, dedicated school community that has come together holding one vision – we are LEARNER CENTERED & FUTURE READY!

Even in the midst of COVID 19 and changing environment, CVES continues to support each and every child to ensure a world class learning experience. We are dedicated to making Canyon View a place where each and every child will be a lifelong learner. We encourage each and every child to reach their full potential by exploring their strengths, aspirations and dreams. We strive to create the conditions and culture which build world class learners. In conjunction with our PUSD core values, we work to establish a foundation for our students to be successful and prepared for college, career and life ready level thinking, problem solving and creativity. We are engaged in multi-year professional learning and collaboration around the following areas:

1. Response to Intervention and Instruction, specifically research based first based instruction and interventions
2. K-5 Implementation of our ELA curriculum, Benchmark Universe
3. Creating the conditions and culture for world class learning, for staff and students
4. Continuing our learning and implementation of Next Generation Science Standards and our Innovation Space-Expanding to Project Lead the Way for several teachers
5. Always being student centered and future ready, with the mantra of every student, every day, whatever it takes (From Jimmy Casas', [Culturize](#))

\*We are reflecting on our practices around inclusion and equity and how that impacts the learner experience at our school.

Due to the COVID-19 pandemic, our teacher team is consistently re-working materials to support on-line learning and asynchronous learning. Our common goal is ensure our virtual learners and our on campus learners have an engaging and equitable learning experience. Now more than ever, our team is utilizing technology in creative ways.

Students receive instruction and participate in learning activities in a variety of curriculum and subject areas. There is an emphasis at all grade levels on developing skills in literacy, writing, communication, math computation and problem solving with a special concentration on aligning our educational practices to the California State Standards. We strive to meet the needs of each child through the collaborative efforts of parents, teachers, support staff and students. There are no invisible children at Canyon View. Together, we are NO Place for Hate! school that focuses on the whole child.

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### Involvement Process for the SPSA and Annual Review and Update

Each year our school team collaborates to determine plans for the next school year to best meet the needs of our learners. This information is also discussed at School Site Council meetings to ensure all stakeholder voices are heard. Our plan includes the following: reviewing a variety of data (e.g. iReady, Lexia, CAASPP, Common Assessments, California Healthy Kids (CHKS), other parent and/or student surveys, Thrively, ThoughtExchange, Attendance, Discipline) analyzing data to determine if programs are effective and meeting student needs (e.g. IXL, IMPACT Intervention groups and programs, Brain Pop, Counseling groups, Innovation Station activities)-determining if programs need to be eliminated, revised and/or added for determining cost of programs and prioritizing needs our budget.

CVES understands the importance of collaboration with all stakeholders in the process of developing and monitoring our School Plan for Learner Achievement.

Parents are encouraged to be a part of our site planning in the following ways:

- participating in the ThoughtExchange process
- participating in the California Healthy Kids survey (CHKS)
- completing other parent surveys
- open door policy with principal and school staff

- attending Back to School night in September
- School Site Council
- attending Parent events
- attending Principal Coffees (held throughout the school year)
- parents of EL students are invited and encouraged to attend English Language Advisory Committee meetings
- parents are made aware of these opportunities through weekly call-out/emails, Monthly Catching Up with the Coyotes newsletters, site website, Tweets, and classroom newsletters.
- Each student will complete a school climate survey at least 2 times per year.
- Families are invited to complete surveys around school based initiatives
- Due to COVID 19, we have a variety of opportunities to connect virtually via zoom, sending surveys and being available for individual family meetings, as needed.

Our SPSA and accompanying budgets are shared with School Site Council and our English Learner Advisory Committee during development to receive feedback and make needed adjustments. Plans are reviewed and updated throughout the school year. In the spring, programs are reviewed and evaluated in preparation for creating the plan for the next school year.

### Alternative Metrics English Language Arts/Literacy (All Students)

Due to the Covid-19 Pandemic and sites moving to distance learning, CAASPP testing was suspended for the spring of 2020. To monitor student progress, our site utilizes other metrics to gauge student progress i.e. iReady, Lexia, criterion referenced assessments, and Core Reading diagnostics.

#### Conclusions based on this data:

1. Over the past three years, our students averages 75-77% proficiency.
2. From the 17-18 year to the 18-19 year, 5th grade dropped approximately 15%, From 92% to 76%.
3. From the 16-17 year, each grade level had increased the number of learners that met and exceeded standard.

Note: The California Department of Education adjusted the ELPAC Scale Score and Achievement Level thresholds for 2018-19.

## Alternative Metrics EL Students

Due to the Covid-19 Pandemic and sites moving to distance learning, CAASPP testing, including ELPAC, was suspended for the spring of 2020. Some students did complete the ELPAC test prior to March 13, 2020, and those scores have been reported individually to families. However, many students did not complete the ELPAC, so in order to monitor student progress for this year, our site will utilize other metrics to gauge student progress, i.e. iReady, Lexia, criterion referenced assessments, and Core Reading diagnostics.

### Conclusions based on this data:

1. Based on the 17-18 evidence, overall proficiency for CVES is 77.52% of our learners are level 3 or 4 on their overall language.
2. Based on the 18-19 evidence, overall proficiency for CVES is 84% of learners are level 3 or 4 on their overall language.

Complete a copy of the following table for each of the school's goals.

## Which LCAP goal are you addressing?

1. Support high-quality teachers in their implementation of an articulated California standards-based curriculum, instruction, and assessment to ensure College and Career Readiness and Citizenship for all students, TK-12.

## Goal 1: Mathematics

Based upon the Spring 2021 California Assessment of Student Performance and Progress (CAASPP) report, 80% of 3rd-5th grade students will perform at "Standard Met" or "Standard Exceeded" in the overall area of mathematics.

### Identified Need

Due to the physical school closure in spring 2020 due to COVID-19, annual testing and data collection were unable to be conducted. This need was identified by analysis of Canyon View's data from the 2018-19 CAASPP, which shows that there are currently 25% of Canyon View's 3rd-5th grade learners are below CAASPP proficiency levels as measured by the mathematics section of the CAASPP test.

### Alternative Metrics

As derived from the fall iReady math diagnostic assessments, the percentages displayed below denote the number of students who currently are performing at grade level:

All Students - 52.3%

EL - 39.7%

EDY - 26.7%

Special Education - 31.3%

Hispanic - 37.9%

African American – 40.0%

# Annual Review

## SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

### ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Due to suspension of CAASPP testing due to COVID-19, we were unable to measure growth based on the assessment. Our team throughout last year, until March 2020, used MAP data and formative math assessments to ensure student growth. Our teachers administered math performance tasks, administered unit assessments and supported our learners with math IMPACT teacher support and teacher small group instruction. This year we will continue to use a variety of assessments to monitor progress and make instructional decisions.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

# School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members
- N/A Secondary Students

Name of Members	Role	Date	Signature
Jill Halsey	Principal	11/30/2020	Jill Halsey
Samantha Garrett	Classroom Teacher	12/1/2020	Samantha Garrett
Jamie Cox Garcia	Classroom Teacher	12/1/2020	Jamie Cox Garcia
Ann Merrill	Classroom Teacher	12/9/2020	Ann Merrill
Stephanie Craghead	Parent or Community	12/4/2020	Stephanie Craghead
Roger Anderson	Parent or Community	12-2-2020	Roger Anderson
Iyad AlRabadi	Parent or Community	12-9-2020	Iyad AlRabadi
Alice Collette	Parent or Community	12/9/2020	Alice Collette
Wei Wu	Parent or Community	12/9/2020	Wei Wu
Jann Williams	Other School Staff	11/30/2020	Jann Williams

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

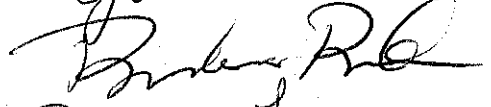

# Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

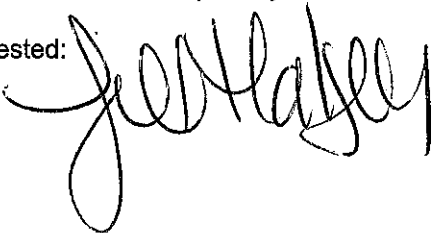

Signature	Date	Committee or Advisory Group Name
	12-3-20	English Learner Advisory Committee
	12-3-20	Special Education Advisory Committee
	12-3-20	Gifted and Talented Education Program Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on November 10, 2020.

# Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

## **Purpose and Description**

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

### **Purpose**

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

### **Description**

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

## **Stakeholder Involvement**

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

*[This section meets the requirements for TSI and ATSI.]*

*[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]*

## **Resource Inequities**

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

*[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]*

# Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

## Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**asurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

*[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]*

## Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

*[Completing this section fully addresses all relevant federal planning requirements]*

## Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

*[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]*

*[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]*

## Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

*[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]*

*[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]*

## **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

*[This section meets the requirements for CSI.]*

*[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]*

## **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

*[This section meets the requirements for CSI, TSI, and ATSI.]*

*[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]*

## **Annual Review**

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

## Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

*[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]*

## Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

*From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.*

## Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

*[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]*

# Appendix A: Plan Requirements

## Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

### Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
  - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
    1. The comprehensive needs assessment of the entire school shall:
      - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
      - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
        - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
        - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
        - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
        - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
        - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
  - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

### Requirements for the Plan

- II. The SPSA shall include the following:
  - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
    - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
    - b. use methods and instructional strategies that:
      - i. strengthen the academic program in the school,
      - ii. increase the amount and quality of learning time, and
      - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
    - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
      - i. strategies to improve students' skills outside the academic subject areas;
      - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
      - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
      - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
      - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
  2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
  3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
  - 1. Ensure that those students' difficulties are identified on a timely basis; and
  - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

## Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at [SISO@cde.ca.gov](mailto:SISO@cde.ca.gov).

### Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

### Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

## **Additional Targeted Support and Improvement**

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

## **Single School Districts and Charter Schools Identified for School Improvement**

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
