

CELEBRATING A DIVERSE STUDENT-BODY THE SUNDEVIL WAY

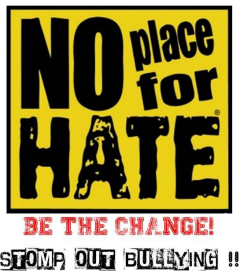

Mt. Carmel recognizes, seeks to understand, celebrates, and supports all of what makes people the same, as well as, what makes us uniquely different! It is the Sundevil Way!

We recognize and support our diverse student-body and the opportunities it provides for us to highlight, celebrate, and empower all students with an understanding of our past, present, and future.

Mt. Carmel has a number of different clubs and organizations that help us to celebrate and to learn from our diverse student-body. We also support and observe the various National appreciation and heritage observances and recognitions.

Mr. Hawkins is a talented and engaging motivational speaker who focuses on building connectedness, inclusion, resilience and empowerment. Past participants count this experience as one of the most meaningful of their high school careers with benefits lasting long after the retreat itself has concluded.
