

MT. CARMEL SUNDEVILS

Mt. Carmel High School participates in the Start Smart driving program. This requires that all students who want to apply for a MCHS parking permit must attend a free, two hour class, along with their parent or guardian. This class is taught by trained law enforcement officers. Topics include the possible consequences of distracted or impaired driving, collision prevention, and the restrictions of the Provisional License Law. Upon completion of this class by the student and parent, the student may apply for a MCHS parking permit. Please visit the California Highway Patrol website for more information. <https://www.chp.ca.gov/Programs-Services/Programs/YouthPrograms/Start-Smart-Driving-Smart-to-Stay-Safe>

Students are required to take this class once only. If you already attended a Start Smart class, you are not required to take another class for the 2018-2019 school year. You may attend a class at another school site .

The two-hour Start Smart class is being offered at MCHS on the following dates:
(This list will be updated as more classes are scheduled.)

Date	Room	Time
None Currently Scheduled	PAC (Theater)	6:00 to 8:00 (Sign in from 5:30 to 6:00) Doors close at 6:00 and there is no late entry.
