

MCHS
INAUGURAL HALL OF FAME INDUCTEES

The MCHS Hall of Fame committees have been diligently at work for almost a year trying to select the inaugural group for the Hall of Fame. Since 45 years have passed since MCHS opened and there have been so many accomplished people that have graced the halls during that time, the committees selection process has been challenging. Their motto remains the same, “all that deserve to be recognized, will be recognized with induction.” The “inaugural group” will ALL be recognized in the “physical” exhibit prior to June 1, 2019, and their ceremonial induction will take place over the course of the next two calendar years (3 Junes). If anybody knows of worthy candidates for consideration that are not part of the “inaugural group”, it is very likely that no nomination was turned in for that individual. Official nomination forms are on the MCHS website (under Hall of Fame link) and the committees are requesting that you please fill out a nomination form.
