

Selfie Portraits Guidelines

Selfie Guidelines:

- Photo must show head and shoulders of just you.
- You must be facing the camera with your full face in view, and centered in the frame. No side profiles.
- Your background should be a neutral color.
- Your photo must include you and no one else. No photo bombing or group selfies.
- Do not include hand gestures of any kind.
- Do not include sunglasses, hats, or anything else that obstructs the view of your face. Exception: items used for religious purposes.
- You must submit a color picture- no black-and-white or filtered photos.
- Avoid odd shadows over your face and find good lighting. The light should be in front of you, not behind.
