

CALCULATOR INFORMATION FOR AP EXAMS

<https://apcentral.collegeboard.org/exam-administration-ordering-scores/administering-exams/on-exam-day/calculator-policy>

The policies below apply to paper and pencil and digital AP Exams in 2021.

Calculators can be used on all or some parts of the AP Exams listed here (and on no others). Review the “Calculator Policy” section in the AP Coordinator’s Manual, Part 2 for the full Calculator Policy.

- Students should check the [list of approved graphing calculators](#); they may bring only approved models.
- Students may bring up to two permitted calculators. They should bring calculators they’re familiar with and that are in good working order.
- **Calculators may not be shared.**
- Calculator memories do not need to be cleared before or after the exam.
- If a student doesn’t want to use a calculator or if the option of providing a calculator isn’t feasible, the student may take an exam without one. However, if a student chooses to take an exam without a calculator, the student must hand copy, date, and sign the Calculator Release Statement, which is in the *AP Coordinator’s Manual, Part 2*.
