

## Celebrate with a “Birthday Book” Donation

Dear Parents/Guardians,

The school library’s Birthday Book donation program is an opportunity to celebrate your child’s birthday (or another milestone occasion) by choosing a book for the library collection. Your gift will benefit PVES students for years to come!

After the donated book arrives, a special bookplate with your child’s name and birthday age will be placed inside the front cover. Your child will also be the first student to check it out from the library (unless they choose not to).

**This program is completely optional**, but new books are greatly appreciated by the students, teachers, and me! Thank you very much! -- Mrs. Fleming, Librarian

### **How the Birthday Book program works:**

- 1) Choose a book from the [Park Village ES Library Wish List on Amazon](#). There are a variety of preselected books to choose from. You can ship the books directly to the library.
- 2) Complete the [Birthday Book Donation form online](#) so I know what to expect.
- 3) When the book is ready for check-out (about 1 week after arrival), I will offer it to your child during their weekly library visit.

When the book is returned, it becomes part of the library collection for other students to enjoy.

Thank you for supporting reading and learning at  
Park Village!
