

April 5, 2020

Dear #TeamPUSD,

We couldn't have asked for a smoother Chromebook distribution event April 2-3. Thanks to PUSD staff volunteers and the hard work of our Technology and Innovation Department, we distributed over 6,000 devices to PUSD families who requested them in preparation for our soft launch of distance learning.

As you know, tomorrow (April 6) marks the first day of Distance Learning for #PowayUnified. We know many students are excited to see classmates, teachers, and get back into a routine. That's why we created these 'First Day of Distance Learning' signs, so you can share your virtual learning experience with us on social media. To get started:

1. Download any of the photos below
2. Tag us (@PowayUnified) to share on Facebook, Instagram, and Twitter
3. Use the hashtag #PUSDistanceLearning
4. ***For privacy reasons, please do not share images of your child's device screen if it has other classmates on it.***

You or your child can hold these signs up for your first day of distance learning. We can't wait to see everyone's experience, and wish you all the best on your (virtual) first day.
