

Westview 2019-2020 College Visit Permission

STUDENT NAME: _____
Last First Middle

Student ID Number: _____ Date: _____

For students interested in attending a college/post-secondary presentation on campus, they will be required to sign up for the visit in their Naviance account (Colleges link → Research Colleges → College Visits). This form is required to be on file with the Guidance Technician in the Wolverine Center prior to attending the first visit (must be completed only once and will count for all visits this school year). In addition, students must verbally obtain the permission of their teacher to attend each visit separately.

The parent/guardian signature below authorizes their child to attend presentations on campus during the school day. By signing this form, both student and parent/guardian acknowledge and understand the student must obtain permission from their teacher before the visit. Students have the responsibility to make up any missing assignments per teacher policy. All participating students will be required to sign-in during the visit for attendance purposes.
