

Biomedical Technology

- **Biotechnology** is one of the fastest growing industries in the nation, with a **high demand** for entry-level workers and two-year and four-year college graduates.
- San Diego is one of the top 3 Biotechnology centers in the U.S. Scientists want YOU, a San Diegan working with them. What an opportunity in *your own back yard!*
- There are plenty of jobs in both the business and science sides of biotech.
- The goal of this course is to familiarize students with the protocols, equipment, and techniques used in this field to better prepare them for a future in Biotechnology.
- UC “d” lab science approved!
- Articulated with Miramar College, meaning a student can *earn College Credit* that is transferable to other colleges and universities.
- Recommended Prerequisites: Biology and Chemistry

You will experience:

- Guest speakers
- Many labs
- Possible field trips
