

PARENT/DRIVER HANDBOOK FOR
SPECIAL TRANSPORTATION SERVICES

Director of Transportation
Timothy W. Purvis
858-679-2535

COVID-19

Please note: For most of our school buses **physical distancing will not be possible**. Students will be required to wear a face covering (unless specifically exempt by the CDPH guidelines). Students will also be subject to health screenings when boarding. Anyone exhibiting symptoms or fever will not be allowed to board the bus.

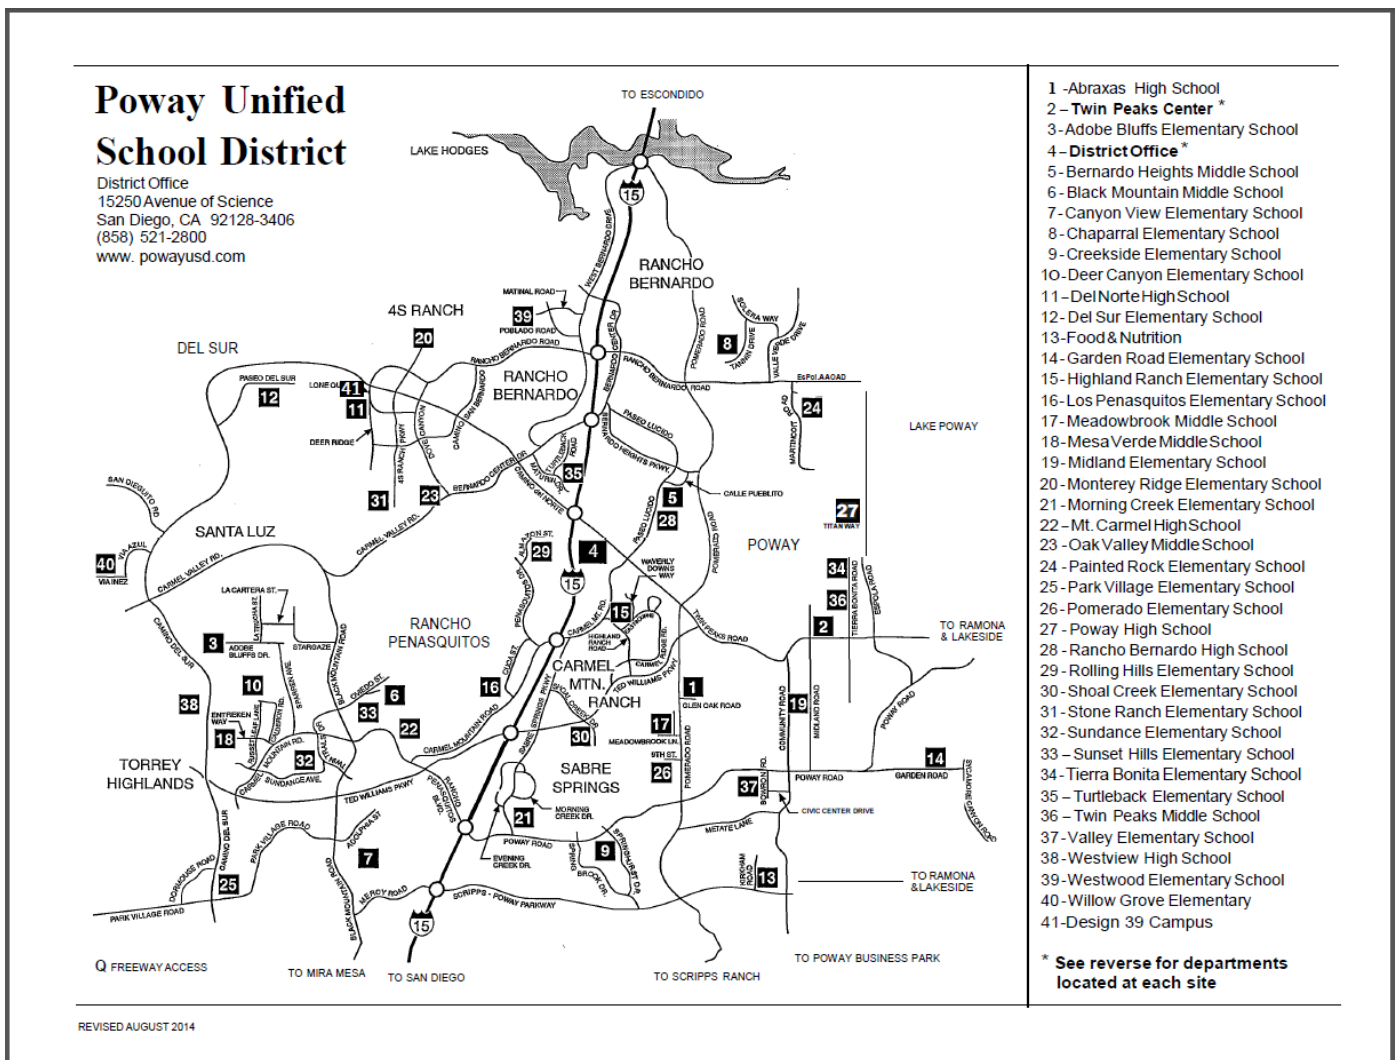

Dear Parent/Guardian:

The Transportation Department of the Poway Unified School District has prepared this information package to acquaint you with the procedures covering your student's school transportation. We need your assistance and cooperation to maintain a timely, reliable and safe service. Your familiarization with, and adherence to, these procedures will aid considerably in transporting your student with the maximum service, courtesy and safety.

Superintendent of Schools Marian Kim-Phelps, Ed.D.
 Director of Transportation Timothy W. Purvis
 Assistant Director of Transportation..... Anton Q. Lotter

Transportation Special Education Supervisor Aurora Bishop
 Scheduler Gayle Keller

SPECIAL EDUCATION

District Special Education Dept.
(858) 521-2800 Ext. 2216

SAFETY • TRAINING • EQUIPMENT • WEATHER CONDITIONS • STUDENT ILLNESS • MEDICATION

SAFETY:

Special Education Transportation requires drivers with a high level of competency and skill to ensure the safest transportation of your student. **COVID-19: All transportation employees are subject to daily health screens prior to facility entry. Anyone exhibiting symptoms or fever will not be allowed to work. Drivers will perform touch-point bus disinfecting after each use.**

SCHOOL BUS DRIVER TRAINING:

California state law requires a high level of competency of individuals who drive a school bus. State law requires each driver to have a valid commercial class A or B driver's license, school bus special certificate, first aid training, a physical examination, finger printing, and criminal and traffic clearances. In addition, the Poway Unified School District Transportation Department requires all drivers to attend regularly scheduled safety and in-service training sessions to improve their skills with special education students.

SCHOOL BUS EQUIPMENT:

To assure use of safe equipment, all school buses are inspected daily by the driver, at scheduled intervals by our maintenance shop, and annually by the California Highway Patrol. **COVID-19: All buses will be electrostatically disinfected at the end of each day.**

WEATHER CONDITIONS:

Adverse weather conditions may require the delay of buses. Rain and fog are the two major elements we typically experience in the San Diego area. In the event of severe/abnormal weather conditions, the following radio stations will transmit weather conditions and, in the unlikely event of the cancellation of transportation, they will inform their listeners of the decision.

- Emergency Advisory Radio: KLSD AM 1360 Local Radio: KOGO AM 600

STUDENT ABSENCE:

Should students become ill occasionally or cannot attend school for other reasons on a particular day or days, it is not necessary for the parent/guardian to notify the Transportation Department.

The school bus will arrive as scheduled, wait for one (1) minute, then depart without the student.

In the event a student is absent for three (3) consecutive days, the bus will not be routed to the student's home or pick up location until notification to resume transportation has been given by the parent/guardian. This must be done no later than 5:30 a.m. the day of return. There will be no exceptions.

As the parent/guardian, you must notify the Transportation Department in order to resume transportation. This information is not to be relayed by the bus driver or aide.

MEDICATION:

The school bus driver will **not** assume responsibility for delivering medicine to school or home.

BUS RIDING RULES AND REGULATIONS • BUS RULES • PARENT RESPONSIBILITIES

Each student on a school bus must behave in a satisfactory manner in order for the driver to be alert to the many hazards of driving. Since the safety of all students on the bus is of prime importance, a student who behaves in an unsatisfactory manner may be denied the use of transportation. Your reinforcement of these regulations and occasional communication with your student's bus driver will help considerably in maintaining a low level of disciplinary problems. Parents/guardians may be responsible for any damage to vehicles caused directly by their student.

BUS RIDING RULES AND REGULATIONS:

All transportation shall be subject to the appropriate provisions and policies of the California Education Code, California Administrative Code and policies of the Poway Unified School District.

(Title 5 C.A.C. Section 14103) *"Pupils transported in a school bus shall be under the authority of, and responsible directly to, the driver of the bus, and the driver shall be held responsible for the orderly conduct of the pupils while they are on the bus or being escorted across a street or highway."*

EXPECTED ON THE BUS BEHAVIOR: (Please discuss these rules with your student.)

1. YOUR BODY SHOULD BE SITTING IN AN "L," SHAPE
 - The "L" is: SAFE, RESPECTFUL, EASY
 - Our drivers and attendants will work to spot students sitting in the "L" and together, we can all be safe!
2. WAYS TO SHOW YOU'RE BEING SAFE:
 - Listen to Drivers & Attendants
 - Enter/ Exit with eyes on the stairs
 - Sit in the "L"
 - Nice Words
 - Calm Body

PARENT RESPONSIBILITIES:

COVID-19: Parents, guardians, or responsible party, must accompany their student to the bus, and should not depart until the driver permits their student to board. Students not meeting health screen requirements will not be permitted on the bus.

Parents are responsible for students needing assistance from the bus into the home. Students will not be dropped at other than the designated address, unless a written request is submitted and approved by Transportation.

The procedure to be followed in the event that an authorized adult is not at home and authorization to leave unattended is not on file will be as follows:

1. Driver will notify Transportation of the problem.
2. Transportation will call the home or emergency phone number currently on file. (*Note: It is the parent's responsibility to provide up to date information.*)
3. Driver will continue on the route while awaiting instruction from Transportation.
4. After completion of their route, the driver will take the student to his/her school of attendance if the school is still in session or to Transportation where the parent is required to pick up the student.
5. If this is deemed a regular occurrence, the student will be turned over to the local law enforcement agency.
6. If the student has not been picked up by 5:00 PM, the local law enforcement agency will be contacted to hold the student until the parent/s is contacted.

(Continued problems with delivery of your student may result in Individualized Education Program

(IEP) meetings being convened to discuss transportation related issues, as needed.)

SUCCESSFUL SCHEDULING • DROP AT HOME • BUS NOT ON TIME • MOVING

SUCCESSFUL SCHEDULING:

The successful scheduling of individualized routing for our Special education students is dependent upon the students being ready at their designated pick-up time. We request suggest that all students be ready for pick-up five (5)minutes before their pick-up time. If the student has not come to the school bus, the driver will depart one minute after your student's pick up time. Should the student not be available to board the bus, parents should communicate with the driver. If this is a regular occurrence, the team should discuss alternatives.

Minor delays at individual pick-up points such as two minutes at ten separate stops will cause a major delay equal to as much as twenty minutes late to final destination points. For maximum efficiency, we attempt to not deliver our students at the school of attendance unnecessarily early. Drivers are not permitted to honk the horn or leave the bus to get a student.

We attempt to maintain a prompt and efficient routing schedule. With everyone's help, we will have a safe, efficient and educationally productive school year.

DROP AT HOME PROCEDURE:

If a parent/guardian has indicated their student is only to be released to the identified individuals on the form, then our drivers will only release the student from the bus to those individuals. If the parent has indicated their student does not need to be met by themselves or another responsible party, then drivers will release the student at the designated drop-off point.

WHEN THE BUS DOESN'T SHOW UP ON TIME:

If you are reasonably sure that the delay is not due to weather conditions, please allow at least 15 minutes before leaving the bus stop. School buses have to endure the same rush hour traffic conditions that plague commuters. A traffic snarl, traffic accident, minimum days, or a longer than scheduled loading at a previous school bus stop can easily throw your bus 10-15 minutes off schedule.

If, at the end of 15 minutes, your bus still has not arrived, you may wish to call the Transportation Department at (858) 679-2535.

On extremely foggy or rainy days the buses will run late. Please be patient and don't worry; the school will be notified of the late arrival.

MOVING:

If you move during the school year, please notify the Transportation Department as soon as possible. Due to the number of requests, it could take up to 10 days to process the change.

If you change phone numbers, please notify Transportation immediately. Both work numbers and home phone numbers are important in the event you need to be contacted.

ROUTE CHANGES • ROUTE TIMES • PARKING

ROUTE CHANGES:

Parents should be prepared for **changes** in buses, routes, and time of pick-up **throughout** the school year as a result of additions or withdrawals of students in the program. Overall route travel time will vary from route to route depending on class times, class locations and student home locations. After an initial adjustment period at the start of school or upon reorganization of routes, the pick-up and delivery time should be consistent within approximately fifteen (15) minutes. If any changes are made, you will be contacted by phone. Buses may run later during days of unfavorable weather conditions such as fog, rain and traffic congestion.

ROUTE TIMES:

Poway Unified School District is approximately 99 square miles in size which constitutes our normal program boundary. In addition we provide transportation for the needs of students who attend programs outside the P.U.S.D. boundary. This condition may make a transfer of buses necessary for some students and bus rides which can be somewhat long. You can be assured that every attempt has been made to make your student's ride as short and as comfortable as possible. Circumstances beyond the control of the Transportation Department may require a student to be on the bus for a longer period of time in order for them to be transported (on routes designed to be efficient) to the programs required by the IEP team decision.

PARKING:

Drivers are encouraged not to pull in and out of private driveways. It is extremely helpful if room can be left at the curb in front of your home for loading and unloading passengers.

• BEHAVIOR •

DISCIPLINE PROCEDURES:

Student conduct reports are initiated by the bus driver and then given to the Case Manager or designee for necessary action to be taken. A copy of the bus referral will be sent to the student's principal at the school of attendance. After evaluation of the student's misconduct, the principal will take action based on one of the categories below:

A. Warning:

This action will be considered when a student's misconduct is of a minor nature which does not jeopardize the safety of other students or the operation of the bus.

B. Suspension:

1. When a student's misconduct is deemed to jeopardize the safety of the bus passengers and its operation;
2. When repeated warnings fail to correct unacceptable behavior;
3. When a student incurs damages to the bus; or,
4. Continued problems of no authorized person to receive the student at home.
5. Depending on the severity of misconduct, **suspensions**, will be issued for an appropriate period of time. A parent conference may be necessary before riding privileges can be resumed.
6. Student Behavior Intervention Plans will be followed during transport.
7. Individual Education Program teams will meet to adjust Behavior Intervention Plans as needed to promote (successful) bus transports.

B. Exclusion of Bus Service:

Depending on the degree of misconduct, this action may be necessary. It will be applied in cases where misconduct is of such a nature where safe operation of the bus and its occupants' safety is willfully and seriously threatened.

ROAD CONDITIONS • COMMUNICATION • PERSONAL ARTICLES • WHEELCHAIRS

ROAD CONDITIONS:

Transportation services will inspect pick up and drop off locations to ensure stops are suitable and safe.

TWO-WAY COMMUNICATION:

For student safety and route control each bus is equipped with a two-way radio. The Transportation Department is in constant communication with each bus on its scheduled runs.

If there is a problem such as a late bus or perhaps a student riding the wrong bus, the Transportation Department will be able to contact the bus and make the necessary corrections.

PERSONAL ARTICLES:

For safety reasons: Large toys, glass bottles, insects, animals, plastic bags, knives, balloons, or any other articles which may cause an injury or cannot be safely secured, will **not** be allowed on the bus. Parents should consult with the Transportation office before a student is allowed to carry an item which is too large to fit in the student's pocket, backpack or lunch pail. Transportation **assumes no** responsibility for lost items. However, every effort will be made to locate such items and return them to their rightful owner. Please put your student's **name** on all items which could be easily lost (backpacks, lunch pails, coats, sweaters, etc.). Unclaimed items left on buses will be turned into the office at the school of attendance. You may call the office at your student's school concerning lost items. Devices that are part of a students' Behavior Intervention Plan or Individualized Education Program, will be implemented with fidelity.

WHEELCHAIR LIFT OPERATION:

Drivers are specially trained on all our wheelchair lifts and their proper operation and controls. Although your assistance in loading and unloading is appreciated, we ask that only the driver operate the lift controls and secure the student's chair.

WHEELCHAIRS/STROLLERS, CAR SEATS, AND OTHER TRANSPORTATION DEVICES:

The safest possible lifts and tie-down equipment have been purchased to accommodate the typical variety and sizes of chairs we transport. Periodically, an unusual style chair is used by a student which may have limitations for transportation purposes. Your help is also needed to maintain safe transportation of wheelchairs and travel chairs. Section 1293G California Administrative Code: "*wheelchairs shall be equipped with brakes and a restraining belt properly maintained by the owner of the chair*". Transportation may be **discontinued** unless these devices are properly maintained by the owners. All wheelchairs, travel chairs, etc. will be inspected by a member of the transportation staff at least once a year or as necessary. Records are kept on file in the transportation office. In addition, an inspection tag will be attached to the student's chair.

If an Individualized Education Program requires a **safety vest**, parents should ensure their student is ready and wearing it, prior to scheduled pick-up time and boarding.
