

1. Sign In

Sign in to MyPLAN by using your school login information.

2. MyPLAN

The MyPLAN dashboard is where all of your online resources will be located. Enter your username and password once when you open an application (if prompted) and MyPLAN will remember it for you!

3. Settings

This is where you change your profile image, themes & colors, auto launch applications, and access your password locker.

4. Update Password Locker

Right click an app and choose 'Edit Password' to update or change your stored username and passwords for your applications. This is if you have entered your username or password incorrectly or if something has changed/updated.
