Superintendent John Collins to Speak At Business and Youth Luncheon

Poway Unified Superintendent, Dr. John Collins will be one of four featured speakers at Solutions' inaugural Business and Youth (BAY) luncheon on Wednesday, October 2, from 11:30 am to 1:30 pm at the Hilton San Diego/Del Mar Hotel.

85 students from the Poway District will attend the event, which has been organized by *Solutions, Exploring Success Post High School*, an educational organization founded in 2005 to address the information needs of youth as they prepare and plan for life after high school.

Dr. Collins will discuss the ways in which the secondary education system is changing in order to meet the needs of the 21st century workforce.

According to Collins, "We know that a graduate's career path in the 21st century will be constantly evolving. It is vitally important that we equip our high school students with the creativity, adaptability and persistence that this ever-changing workplace requires. I look forward to sharing my ideas with students and business leaders and hearing from them how we can strengthen the connections between the business and education communities."
